

Graves Asks a General Sales Tax to Replace All Federal, State Laws

New York State Tax Commissioner Says Preferable Levy Would Be Placed Against Manufacturers by Federal Government.

HITS BOOTLEGGING

Principal Basis Would Be to Prevent "Bootlegging" of Commodities From State to State.

Washington, Feb. 28 (AP).—A general sales tax "at a rate sufficiently high to permit the repeal of all federal and state business tax laws" was proposed today by Mark Graves, New York state commissioner of taxation and finance.

The sales tax proposal was included in a program submitted to officials of 48 states gathered here for the second interstate assembly of the council of state governments as a means of remedying an "alarming" tax situation. Mr. Graves is vice president of the council.

"Shrunken revenues from normal sources plus increased costs for unemployment relief, recovery and debt service indicate the immediate need of a general sales tax," the New Yorker said.

"If, and when, such a tax is enacted it may as well be at a rate sufficiently high to permit the repeal of all federal and state business tax laws. Such a tax, preferably, should be a manufacturers' sales tax, administered by the federal government.

"Unless immediate action is taken the situation will be further complicated, for the simple reason that every state will be collecting a sales tax within a few years. This tendency is to be deplored.

"My experience with New York state's retail sales tax has convinced me that this form of levy is not suited to state use."

Another highlight of the Graves plan called for turning over the entire indirect tax field to the federal government. Under this all tobacco, liquor, motor fuel and other levies of this type would be federally collected and shared, in part, with the states.

His principal reason for advocating such a plan, he said, was to eliminate "bootlegging" of commodities taxed in one state and not in another.

Individual, personal and corporate income taxes would be collected by both the federal and state governments under his plan, Graves said, but a provision would be made to allow credit against state taxes for those paid to the federal government.

"The maladjustment and faulty distribution of the tax burden," he continued, "is one of the most formidable barriers in the way to economic recovery. It is impeding the natural revival of industry and discouraging the investment of idle capital, thereby spreading unemployment and deflating property and commodity values."

Better Co-operation Urged

"Better co-operation" between federal, state and local governments in taxation and other fields was urged today by President Roosevelt in a message to the second interstate assembly of the American Legislators Association.

"It is apparent, I think, to all students of government that there is urgent need for better machinery of cooperation between federal, state and local governments in many fields," the President wrote.

"Both the Congress and the executive departments of the national government are constantly confronted with problems whose solution requires coordinated effort on the part of the states and the Federal government."

"Two notable instances are the coordination of law enforcement and the inter-relationship of fields of taxation. This latter question has long seemed to me one of prime importance."

"Only recently I directed the secretary of the treasury to undertake a study of source of taxation with particular reference to the matter of conflict or overlapping of Federal, state and local taxation. When this study is complete it should furnish the basis of discussion of the problem involved with representatives of the states."

Milk Control Plan

Albany, N. Y., Feb. 28 (AP).—The milk control division of the State Department of Agriculture and Markets today considered a plan for an immediate increase in the price paid farmers for milk used in three glasses of cream. Representatives of producers, dealers and cooperatives brought their arguments for and against the increase to the department yesterday at a public hearing. The first held since Commissioner Livingston G. Ten Eyck took office. The milk involved represents about a quarter of the amount produced in the state and is used for fluid cream, for certain types of cream cheese, and for ice cream.

The price, \$1.50 a hundred pounds, has not been changed in a year.

U. S. Motor Cruiser Sinks

San Francisco, Feb. 28 (AP).—A motor cruiser from the United States Navy, carrying ship Boston at Yerba Buena Island in San Francisco Bay, caught fire in the bay at 2:40 a. m. today. Twenty sailors from the ship were rescued by the Navy tugboat San Leonardo.

State Will Advertise For Bids On Friday For New 9-W By-Pass

District Engineer J. S. Bixby Notified Mayor Heismann Today That State Highway Department Would Advertise for Bids—City Has Necessary Rights of Way—Expect to Award Contract Within Three Weeks.

500 Millions Were Paid By Poor Into '34 Racket

New York, Feb. 28 (AP).—Mayor LaGuardia took note today of the revelation that New Yorkers contributed \$500,000,000 to the policy racket last year and the district attorney planned to begin laying evidence before the grand jury next Monday.

The mayor conferred at city hall with Commissioner of Accounts Paul Blanshard and Irving Ben Cooper, special counsel to Blanshard in his current investigation into the bail bond racket.

J. Richard Davis, sometime lawyer for Dutch Schultz and the "bankers" for the policy racket, will probably be among the first witnesses summoned before the grand jury, it was announced at the district attorney's office.

It was Davis who made the estimate, in testimony for the bail bond inquiry, that the policy racket was taking \$10,000,000 from New York weekly.

Laude And Recor Now Held On Charge Made By Federal Agents

The two men held by Assistant City Judge Walter H. Gill in police court Wednesday morning—Pietro Laude, 60, and Alfred E. Recor, 36, both of Springfield, Mass.—for violation of the state Alcoholic Beverage Control Law now face a charge of federal law violation.

Judge Gill fixed bail for the two on the A.B.C. violation at \$500 each and turned them over to Chief J. Allan Wood to be locked up in the Ulster county jail for lack of money or security to post for bail. The date of hearing was set for Wednesday morning, March 6.

Federal Agent Lowy, stationed at the Barmann brewery, took a hand in the case after the local police preferred their charge and brought two special agents from New York to prosecute Laude and Recor for infraction of the federal law.

Arrested Today

Out of the action taken by Agent Lowy the two were arraigned before U. S. Commissioner Arthur C. Connolly this morning—charged with illegal possession and transportation of alleged alcohol without any tax on it. Laude was ordered held in \$1,000 bail and Recor in \$500 for a hearing on Wednesday, March 6.

The state law violation charges them with having the so called alcohol without proper consignment.

Besides these two charges, the Kingston police have another on the men—operating a Cadillac sedan with license plates that were issued for a Ford.

Booked Load

Their cargo consisted of 44 five-gallon cans of alleged alcohol, which was removed and locked in a cell at the police station.

Federal Agent Lowy and the two men from the New York office said they thought the product in the new tin cans was distilled to a safe degree for human consumption and probably on its way to some bootleg dispenser.

Laude has a long police record and is wanted by the federal authorities for having violated a parole. Recor, too, has been in the jails of the law before on a charge of non-support.

Major Bombs Reports

San Francisco, Feb. 28 (AP).—Major Albert M. Jones, chief of the intelligence unit of the Army's Ninth Corps Area, today denied published reports that his 20-year-old daughter, Barbara, had been attacked and beaten in a Communist campaign of violence against officers in the San Francisco presidio. The story, as carried in the Examiner today, said the attack occurred on a city street at the army post after Major Jones had received letters threatening kidnapping or harm to his daughter unless he halted his activities against Communists on the military reservation.

Captain Tenor Acquitted

Portsmouth, Eng., Feb. 28 (AP).—A court martial today acquitted Captain F. T. B. Tenor, commander of H. M. S. Hood, of a charge of having "slandered" his ship in a newspaper last month which resulted in a collision with H. M. S. Renown.

Ship Trip Is Certain

London, Feb. 28 (AP).—The trip of Sir John Simon, British foreign secretary, to Moscow, which will set a precedent in Anglo-Russian relations, as now a certainty, a high authority close to the government said today. It will be the first step of the British foreign secretary to Russia on official business and it was said formal announcement will be made after Sir John returns from Paris.

PACK BILL SIGNED

Lehman Launches New Mortgage Commission With \$500,000 Appropriation.

Albany, N. Y., Feb. 28 (AP).—A Republican court test of the constitutionality of any Democratic plan for reapportioning assembly and senate districts appeared likely today.

As Governor Herbert H. Lehman went into conference at the executive mansion with Democratic chiefs in an attempt to whip them into line on the knotty problem which has threatened to delay adjournment of the 1935 session, Republicans were drafting their own redistricting plan at the capitol.

While conceding their proposal has no hope of passage in the Democratic-controlled houses, the minority party plans to use it as a club to force a ruling in the courts on the constitutionality of whatever setup the Democrats offer.

The GOP program will be completed at a conference tomorrow night, it was learned, and introduced early next week at the same time as the Democratic program is slated to be dropped into the hoppers.

The bills will be introduced simultaneously with the report next Tuesday of the legislative reapportionment committee headed by Senator John T. McCall, New York Democrat. The group originally was to have made known its findings today but the legislature has granted it an extension of time.

The Republicans pointed out that before a court can take into consideration constitutionality of a Democratic plan there must be an alternate plan from which to make a comparison.

"We will answer every constitutional argument and seek to prove by our own measure that the Democratic bill is unconstitutional," one leader said.

Attending the governor's conference were leaders of the five New York counties and eight upstate counties, in addition to Postmaster General James A. Farley, state and national Democratic chairman; Vincent Dalley, his aide; Lieutenant Governor N. William Bray, Senate Leader John J. Dunnigan and Speaker Irwin Steingut of the assembly.

The major opposition to the present Democratic plan for reapportionment has come from Tammany leaders, who object to the reduction of assembly and senate seats which the latest population figures require.

QUINTUPLETS' PHYSICIAN

PROCLAIMS THEM AT NORMAL

Callander, Ont., Feb. 28 (AP).—Dr. Allan Roy Dufour pronounced the Dionne quintuplets "absolutely normal" today—their ninth-month birthday anniversary.

The pudgy little country physician who attended the babes from their early morning birth May 28 and who has built them into robust infants with the assistance of his nurses said he was satisfied with their progress.

Baby Marie, tiniest of the world's most famous babies, was the center of attraction during the month. She not only led her heavier sisters in weight gained during the period but grew in length one-quarter inch more than any of them.

At nine months, the little ones are still toothless. They show indications that teeth are on the way by biting on anything obtainable.

Although he has continued his daily trip to the little hospital named after him, Dr. Dufour has not banded the babies for more than a week. He has been troubled with a severe cold and refuses to take any chances of passing it on to his precious charges.

The doctor confines his visits to a good look at each of the babes through a plate glass window and gives any instructions necessary to Mene, Louise, De Kiriline, chief nurse.

ISLAND'S OWNERSHIP IS BEFORE APPEALS COURT

Albany, N. Y., Feb. 28 (AP).—Nicola Riccio, town of Rye, hopes to regain his "island" home, which he occupied for 30 years, as the result of an appeal before the New York Court of Appeals today.

It was in 1922 that he moved to "Flat Rock Island," a peninsula between Mill Creek and Long Island Sound, and engaged in the clamming and lobster business. He asked no one's permission.

He continued both his home and business on the "island" until August, 1929, when a court action to remove him and to gain possession of the land was started.

Finally carried to the higher courts, the Appellate Division ruled that Riccio must evacuate in favor of Charles A. Briggs, owner of one-fourth of the "island" of 2,665 acres. Riccio claim adverse possession for more than 20 years.

The state of New York also is interested in the action, claiming title as against Briggs and the Pennington Land Company, Inc.

300 Students Arrested

Vienna, Feb. 28 (AP).—More than 300 students, including a number of girls, were arrested today following a political demonstration in favor of Germany.

Just A Year Ago Today...

"Taken from the files of The Freeman."

Fifty-nine year old record for cold is broken in New York city as today ends coldest February since 1875.

Farmers battle \$50,000 blizz at Highland, Pa., as thermometer registers 25 below zero.

Over 2,000 people attend funeral services of John J. McGraw, former manager of the New York Giants, at St. Patrick's Cathedral. The temperature, lowest in 25 years, is 23 below.

Milk Fund Exhausted But Needy Cases Here Will Get Their Milk

Mayor Heismann Says City Will Provide Milk In Needy Cases, Pending The Adoption Of New Milk Bill.

BILL NEXT WEEK

Adoption of Measure Calling for \$2,000,000 Expenditure Expected Next Week.

Mayor Conrad J. Heismann was informed that the state relief fund for Kingston which provides milk for relief cases was exhausted this morning so that state monies would not be available for further continuance of the project until a bill now pending in the state legislature was adopted. However the mayor announced that needy children would not be without the benefits of the beverage because the city would provide milk in necessary cases, pending the adoption of legislation, in the hope that the city would be reimbursed for its efforts, but whether paid back or not milk would be provided.

The fact that the relief milk stops the first of March leaves the city in a bad position with a near epidemic of measles and a great amount of other sickness, and for one want to see that proper nutrition is given in every case where it is necessary," stated the mayor who appeared in his office late this afternoon after turning back from a contemplated automobile trip to Albany because of motor trouble.

The mayor said that as soon as he had been informed that milk relief monies were exhausted he phoned Senator Arthur H. Wickes for information as to what might be expected from the legislature, and that the senator had said that a bill calling for \$2,000,000 had been reported out of committee, and its adoption was likely to occur within the next week.

Meanwhile the mayor made it plain that the needy of the city would not suffer even if the city were forced to bear the expense connected with furnishing milk.

The original milk project for undernourished school children was a project of the Kiwanis Club, which provided milk to school children upon endorsement of the principal of the school. Kiwanis cared for this project until the state adopted its milk program last year.

It is likely that should the state fail to enact further funds to provide the needy with milk that Kiwanis will again take up the project, though in a much more limited form than at present. Kiwanis in its project dealt only with certified undernourished school children, while the state program provides for milk for all certified needy cases.

With the adoption of a state program to provide milk to the relief cases last year, Kiwanis abandoned its plans to avoid duplication, and began to turn its attention to other projects more in line with the amount of funds on hand.

In the meantime the state relief monies for milk relief were handled through the TERA, which took over the certification of all cases requiring the beverage was on a much larger scale than the efforts of the Kiwanis Club, and should the pending measure fail to be adopted the club announced that it would be unable to handle the present load. However the money might be used as in the past it was indicated providing the other available milk funds did not materialize.

As it stands now the city will if necessary provide milk to relief cases temporarily pending the adoption of legislation. Should this legislation fail to provide funds other means will be sought to get milk for relief cases in Kingston where such milk is necessary.

Mayor Conrad J. Heismann was informed that the state relief fund for Kingston which provides milk for relief cases was exhausted this morning so that state monies would not be available for further continuance of the project until a bill now pending in the state legislature was adopted. However the mayor announced that needy children would not be without the benefits of the beverage because the city would provide milk in necessary cases, pending the adoption of legislation, in the hope that the city would be reimbursed for its efforts, but whether paid back or not milk would be provided.

The fact that the relief milk stops the first of March leaves the city in a bad position with a near epidemic of measles and a great amount of other sickness, and for one want to see that proper nutrition is given in every case where it is necessary," stated the mayor who appeared in his office late this afternoon after turning back from a contemplated automobile trip to Albany because of motor trouble.

The mayor said that as soon as he had been informed that milk relief monies were exhausted he phoned Senator Arthur H. Wickes for information as to what might be expected from the legislature, and that the senator had said that a bill calling for \$2,000,000 had been reported out of committee, and its adoption was likely to occur within the next week.

Meanwhile the mayor made it plain that the needy of the city would not suffer even if the city were forced to bear the expense connected with furnishing milk.

The original milk project for undernourished school children was a project of the Kiwanis Club, which provided milk to school children upon endorsement of the principal of the school. Kiwanis cared for this project until the state adopted its milk program last year.

It is likely that should the state fail to enact further funds to provide the needy with milk that Kiwanis will again take up the project, though in a much more limited form than at present. Kiwanis in its project dealt only with certified undernourished school children, while the state program provides for milk for all certified needy cases.

With the adoption of a state program to provide milk to the relief cases last year, Kiwanis abandoned its plans to avoid duplication, and began to turn its attention to other projects more in line with the amount of funds on hand.

In the meantime the state relief monies for milk relief were handled through the TERA, which took over the certification of all cases requiring the beverage was on a much larger scale than the efforts of the Kiwanis Club, and should the pending measure fail to be adopted the club announced that it would be unable to handle the present load. However the money might be used as in the past it was indicated providing the other available milk funds did not materialize.

As it stands now the city will if necessary provide milk to relief cases temporarily pending the adoption of legislation. Should this legislation fail to provide funds other means will be sought to get milk for relief cases in Kingston where such milk is necessary.

Citizens Military Training Camps

New York, Feb. 27.—The annual enrollment for the Citizens' Military Training Camps will begin Friday, March 1, with vacancies available for 1,915 young residents of New York, New Jersey, and Delaware. It was announced at headquarters of the Second Corps Area, U. S. Army, on Governors Island.

Already many volunteers between the ages of 17 and 24 years have requested application blanks, but places in this summer's camps will be assigned strictly in the order applications are filed at Governors Island and inoculation and vaccination completed.

"Those who apply after all camps are filled will be notified they are alternates," the official army announcement explained. "Those alternates who complete the inoculation and vaccination will be 'preferred alternates.' All alternates are urged to complete the inoculation and vaccination and become 'preferred alternates.'"

Six C. M. T. C. encampments will be conducted this summer within the Second Corps Area for thirty days each, as follows:

Plattsburg Barracks, N. Y. July 2-31. Infantry, Basic, Red, White, Blue, 500.

Fort Niagara, N. Y. July 2-31. Infantry, Basic, Red, White, Blue, 400.

Camp Dix, N. J. July 2-August 7. Signal Corps, White, Blue, 40.

Camp Dix, N. J. July 9-August 7. Infantry, Basic, Red, White, Blue, 725.

Madison Barracks, N. Y. July 16-August 14. Field Artillery, Red, White, Blue (No Basic), 100.

Fort Hancock, N. J. August 1-30. Coast Artillery, Red, White, Blue (No Basic), 150.

Outdoor life for thirty days, with hikes, citizenship studies, shooting, drills, and athletics featured, is offered free to the student at the C. M. T. Camps each summer. The government pays the expense of traveling to camp and return and provides wholesome food, uniforms, equipment, laundry service, medical attention, and other necessary accommodations. No obligation for future military service of any kind is incurred by those beginning C. M. T. C. training.

NEW ALTS

New Paltz, Feb. 28.—The Halmshaw Fellowship Club held its regular business and supper meeting in the Methodist Church parlors Monday evening. The Rev. John W. Follette was a guest speaker and spoke on "The American Indians".

The Epworth League service in the Methodist Church Sunday evening was in charge of Miss Elaine Kniffen. The subject of "Worship" was continued. The pastor took for his evening sermon subject, "Christ and the Crowd". A very important congregational meeting will be held in the near future. A musical revue will be given in the parlors on March 8. There will be twenty people in the cast. This will be under the auspices of the Fellowship Club and Young Men's Bible Class.

Mr. and Mrs. D. V. Z. Bogert have arrived here from spending a few weeks in Florida.

Fred Mack is quite ill at his home on Grove street.

"The Ghost Chaser", a three-act play, will be given Friday evening, March 1, in the Ohlerville chapel, beginning at 8 o'clock.

H. C. Dayton entertained Edward Miller of Walden on Thursday.

The Rev. Wilbur F. Brown had charge of the service in the Ohlerville chapel on Sunday night.

Tuesday afternoon, February 26, the Seekers Class and Home Department of the Methodist Church held their regular business meeting in the church parlor. The president, Mrs. Morgan Coutant, presided, and called the meeting to order at 2:30 o'clock by offering prayer. The devotions were in charge of Mrs. Daniel Silkworth, who gave a very helpful reading entitled "Follow Thou Me". Those responding to roll call were: Mrs. Morgan Coutant, Mrs. Daniel Silkworth, Miss Lila Paris, Mrs. Ralph Gardner, Mrs. Robert L. Mauterstock, Mrs. Webb Kniffen, Mrs. Raymond Hasbrouck, Mrs. Esther Yost, Mrs. Frank Elliott, Mrs. Frank Guinac, and three visitors, Miss Marie Anderson, the Rev. Robert L. Mauterstock and little Grace Elliott. The business proceeded with reading of reports and communications, also old and new business was transacted. Mrs. Robert L. Mauterstock took charge of the Study Period by reading "Call it a Day" from a worker in China. The amusement part came next with Mrs. Raymond Hasbrouck bringing forth a basket from which she took garments to be mended and other articles to sew and in a very clever manner with explanations and jokes gave each one present something to mend or sew. This caused much merriment and while the ladies were busy Mrs. Hasbrouck read to them "St. Peter at the Gate", after which she again took her basket and collected her garments, now all ready for use. After the Mizrah Benediction, a social time followed with Mrs. Coutant serving candy and nuts and before departing Mrs. Hasbrouck presented each one present with a seed packet. She was given a ringing vote of thanks for her kindness.

Two or three nickels a day more than pay for a telephone in the home. Weigh the cost against what it saves and does for you.

How Much Does a Telephone Cost?

IT'S QUITE NATURAL to think that a family without a telephone saves the cost of it. But often they spend more than they think they save.

For instance, families without telephones may pay for—

calls from public telephones... fares for trips that are easily saved by a phone call... bills for illness due to needless exposure in bad weather, to say nothing of the cost of probable pressing, cleaning and repairing of clothes.

And besides these money costs, a family with a telephone may save a lot in other ways. One of the big items is worry—

worry about other members of the family when they are delayed returning home... worry about relatives and friends in other places... worry about the possibility of an emergency—sudden illness, fire, burglars, accidents.

And then too, think of some of the other things a telephone brings them—

talks with friends... news... invitations... their name in the Telephone Directory where friends and business opportunities can easily find them.

Why don't you learn more about this—

come in and talk it over with us at any of our Business Offices.

Two or three nickels a day is all it costs to keep a phone in your home—at most, a nickel apiece for a family of three.

Mrs. Rua Told Husband And Brother Are Dead

Mrs. Tessie Rua returned to her home in East Kingston from the Kingston Hospital on Wednesday to learn that while she had been, desperately ill in the hospital her husband, Henry Rua, and her brother, John Carpino, had died from the effects of eating diseased pork in homemade dried sausage. The news was broken to her by the Rev. Daniel Fant of St. Colman's Church at the request of members of her family.

Mrs. Rua and her husband made their home with her parents, Mr. and Mrs. Ralph Carpino. During the Christmas holiday season the family ate some homemade sausage, and five members of the family became violently ill. Besides Mrs. Rua and her husband her three brothers, Charles, John and Louis Carpino, were taken ill from the effects of eating the sausage and all five were removed to the hospital where her husband and her brother, John, died later.

Her two other brothers, Charles and Louis, after undergoing treatment for several weeks at the hospital, recovered sufficiently to be discharged from the hospital.

HIGH FALLS

High Falls, Feb. 27.—The regular monthly meeting of the Ladies' Missionary Society will be held on Thursday afternoon, February 28, at the home of Mrs. Oscar Church at 3 o'clock. The subject will be "Japan."

The sacrament of the Lord's supper will be administered on March 10.

On March 3 the Rev. James Cantine has promised to occupy the pulpit of the Reformed Church. We are planning the Communion service on March 10, to enable Dr. Cantine to preach to us. Because of his past friendships and helpfulness to our church we shall consider it a rare privilege to welcome him on Sunday. We trust that there will be a good attendance at this service.

Mr. and Mrs. John Van Wageningen and Marie Van Wageningen of Lonsdale and William Vrooman of Poughkeepsie spent Sunday afternoon and evening with Mr. and Mrs. Moseley Hoffman.

Miss Ellen Arrington is kept home this week with bronchial trouble and Leila Simpson is taking her place at the "Perry Tea Shoppe."

Mr. and Mrs. Ellis Briggs and children, Donald, Billy and Jane, spent Friday afternoon in Newburgh where they visited Washington's headquarters and the museum.

Mrs. David Wood, who has been suffering with bronchial asthma, is not much better at this writing.

Mrs. Mary Brooks, who has been staying for a time with Mrs. Agnew, has gone to Albany. Her son, Edward Brooks, motored out for her and she will spend some time at his home.

The food sale which was held at Parry's store on Saturday morning for the benefit of the Mothers' Club, was not very successful, due to the weather.

Miss Kathryn Krom spent the holiday week-end with her mother and sister, and Miss Alice Krom, went to Livingston Manor to visit her sister, Mrs. Bessie Eastman, who is slowly recovering from her prolonged illness.

Six blue birds were seen in our village on February 21. Spring is on the wing. Pheasants have been here all winter.

Paul S. Clymer of Berkeley, Cal., now taking post-graduate work at Columbia University, spent the last

few days with his aunts, Mrs. J. M. Barnhart and Miss Jessie Snyder. There were guests at the home of Miss Hattie Clearwater over the holiday week-end.

Miss Harriet Church and Miss Dorothy Bachelor spent the week-end at Oscar Church's.

Mr. and Mrs. John Hamm have returned from visiting his brother and family in Connecticut.

Mr. and Mrs. Gause Beach are making repairs in their old stone house preparatory to moving there in the near future. Elton Parry and Ernest Van Demark are working there.

Mrs. David Wood and Miss Adelia Wood visited Kingston on Friday.

Lee Krom of Delhi was home over the holiday week-end.

Mrs. Preston Church spent Friday night with her niece, Mrs. James Verbaugh, and family of Catskill. She returned home on Saturday afternoon and on Sunday afternoon took her nephew, Lee Krom, and school friend back to Delhi.

Mrs. Francis Bumpus and two youngest children of Poughkeepsie are staying for a time with her mother, Mrs. Elmer Ayers. Mrs. Bumpus, who has been critically ill, is better at this writing.

There are over 30 little lambs on the Ayers farm.

Alexander Stokes of the Grove, who underwent an operation in the Kingston Hospital, has returned home.

The heavy rainfall on Tuesday caused the snow to rapidly disappear and we trust there will not be another snowfall this spring.

Spencer Bain of Greenwich, Conn., visited his aunt and uncle, Mr. and Mrs. Oscar Church, over the holiday week-end.

HOG PRODUCTION CONTROL PROGRAM FOR THIS YEAR.

A county-wide meeting of hog raisers was held at the court house in Kingston on Tuesday afternoon, at which the 1935 hog production control program was inaugurated in cooperation with the Agricultural Adjustment Administration. The meeting was called to order by Albert Kurdt, county agricultural agent, and Prof. W. T. Grams, of Cornell, explained the program. A county committee was elected to supervise the work, consisting of LeRoy Davis of Olive Bridge, as chairman, Frank Barling and Simon Merriher.

The 1935 program is again voluntary. Any hog raiser who can meet the necessary requirements and signs a reduction contract, is eligible.

It is necessary to provide satisfactory evidence that hogs were produced and sold during 1932 and 1933. These years are used as a base period and the average number of hogs raised during these years is

used as the base figure. The contract signer is only required to make a ten per cent reduction below this established base. The benefit payment is made on the number of hogs represented by this ten per cent of the base at the rate of \$15 each.

Applications to sign hog reduction contracts are available at the Farm Bureau office. At the meeting on Tuesday it was voted to extend the period during which applications can be signed. They must, however, be signed by March 15. Further information can also be secured at the Farm Bureau office.

Ulster county will again be combined with Greene in the administration of the reduction program. LeRoy Davis will represent Ulster county on the allotment committee.

New Paltz Normal School Activities

New Paltz, Feb. 28.—Loren D. Campbell of the Physical Education department and sports director has seven basketball games arranged for the New Paltz School quintet for next season. Contests have been arranged with Delhi Aggies, Cobleskill Aggies, Oneonta Normal, Hartwick College, Plattsburg Normal, Bard College and Raymond Riordon. Poughkeepsie High School will be on the New Paltz schedule. The football and basketball schedules are also being completed for next year.

A survey is being made of the village by a committee of students working under the TERA. First they are making a map of the village. Those in charge of this program are the following students: Enzo Polizzi, chief of field party; Enzo Polizzi, assistant supervisor; Lloyd Terry, draftsman; Dick Thompson and Ralph Palmer, chairman field workers.

Helen Rapelle spent the week-end

at her home on Worrall avenue Poughkeepsie.

Vera McCarthy spent the holiday week-end at her home on Corlies avenue Poughkeepsie.

In chapel on Tuesday, February 26, the orchestra played as the assembly gathered and as they adjourned to classes at the close of the program which was in charge of Mr. Rothschild who talked on "Your Hobbies and Mine," during his talk Mr. Rothschild touched upon about one hundred different kinds of hobbies. In addition to talking on these subjects he illustrated several of the more unique and interesting avocations.

Amarillo Once Again Gives Mothers-In-Law Their Day

Amarillo, Tex., (AP).—Mother-in-law, long the target for unkind jokes and gibes of derision, will assume a role of honor in Amarillo March 5.

It will be the second annual observance of Mother-in-Law Day.

Five thousand "mothers who have made good" are expected to participate in the festivities. They will parade, pose for photographs, attend a reception in their honor, eat free ice cream, attend free picture shows, hear a musical program, drink free coffee, take free rides, and—in general—receive every respect it is possible for their "in-laws" to pay.

Gov. James V. Alfred of Texas will address the gathering, and his mother-in-law, Mrs. Claude Miller, of Wichita Falls, will be crowned as the "Mother-in-Law of Texas." Governor Alfred's mother also will receive a crown of sweet peas if she is able to attend.

This will be the second year that mothers-in-law, as a group, have been publicly honored.

Gene Howe, editor and publisher of the Amarillo News-Globe, started the idea, calmly enough, in his daily Globe column. He writes under the nom de plume of "The Tartless Texan" and is known to followers of his widely-read column as "Old Tark."

For years "Old Tark" has leaned heavily on mother-in-law jokes, often referring to his own mother-in-law, Mrs. W. F. Donald, as his "Standing Army." Incidentally, Mrs. Donald lives with the Howes.

Returning home one day, Howe found her crying. Her feelings injured by something he had written about the Standing Army. Seeking about the Standing Army, the next day that no more mother-in-law jokes would appear in the News-Globe, and suggested that a day be

MRS. W. F. DONALD

set aside to honor all mother-in-law.

Amarillo women took up the idea and organized the Mother-in-Law Day Club of Texas. They selected the sweet peas for their official flower "because it is cheap."

Last year's observance attracted 2,000 women from a radius of 200 miles.

Recognition was given the youngest, oldest, tallest, stoutest, and "most" mother-in-law. A secret day that no more mother-in-law jokes would appear in the News-Globe, and suggested that a day be

BARBARA BELL FASHION PATTERNS

Pattern No. 1603-B

Misses Spring Frock Fashioned in Print

The youthful design in the illustration belies its simple construction by using round lines rather than straight ones in treatment of yoke and sleeves.

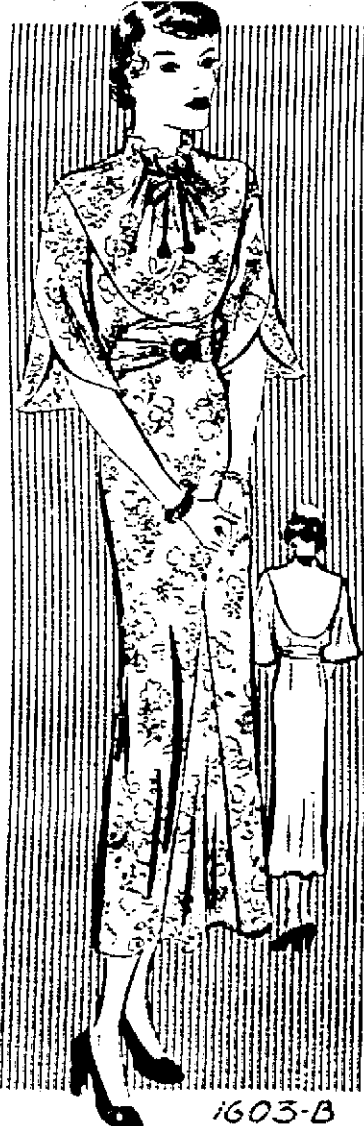

Print frocks that you can wear any hour of the day are among the "indispensables" for spring. For your floral-figured one choose a model with soft, sympathetic curves that express femininity in every line. This model does it in a charming way and in it you have a dress that is chic for any daytime occasion.

A nice variation of the drawing theme is seen in the neckline. The sleeves are very new and smart. Instead of puffed push-ups they are cut with summer in mind — short, flared and cool looking.

A little shirt fullness is appearing in silk frocks. Here it appears in the bodice in front. The back is quite plain with trim lines achieved through darts below the waist.

Barbara Bell Pattern No. 1603-B is cut in sizes 12, 14, 16, 18 and 20. Corresponding bust measures 30, 32, 34, 36 and 38. Size 16 (34) requires about 3 1/2 yards of 35 inch material. Purchased cord for tie.

Tomorrow: Strictly tailored sports frock.

PATTERN 5318

These are
Fascinating
Needle-
work

Flower
Pictures

If you've a corner of some room you want to brighten up, try these colorful wool pictures and see how effective they are. You can, of course, embroider them in silk if you prefer. They're a lot of fun to do because the flowers grow so quickly under your needle. They're formed of single and running stitch throughout. The pansies suggest shades of purple—orchid—yellow—brown and blue; the cosmos will be lovely in the pale pink to deep garnet shades. You can use these motifs just as effectively on pillows and pictures. Either one alone would make a handsome gift.

In pattern 5318 you will find a transfer pattern of two pictures 6x6 1/2 inches; material requirements; color suggestions; illustrations of all stitches needed.

To obtain this pattern send 10 cents in stamps or coin (coin preferred) to the Kingston Daily Freeman Household Arts Dept., 239 W. 14th street, New York, N. Y.

A Bristol airplane on exhibition in a window of the Muller drug store shows the trend of Frank Farnham's mind. He buys an air-

plane magazine and from the plans shown makes the miniature planes. This one is fashioned from balsam wood and rice paper. Each detail is worked out perfectly. An exhibit of stamps from the collection of Theodore Coelho is fascinating to stamp lovers. Mr. Coelho is an amateur collector and dealer.

DELICIOUS NEW BREAD RELIEVES CONSTIPATION

Doctors Warn
Against Drugs!

Doctors have repeatedly warned sufferers from constipation against the harmful effects of habit-forming drugs. A sluggish system cannot be restored to normal action by constant purging. Now, it is no longer necessary to resort to such dangerous expedients. After months of experimenting, a famous food laboratory, in cooperation with a local baker, has perfected a most delightful bread which contains two of Nature's finest laxative foods; flaked wheat and the concentrated juice of select sun-ripened prunes.

Named after its two principal ingredients, PRUN-O-WHEAT BREAD provides an abundance of nourishment and at the same time gently and naturally stimulates the intestinal tract to normal activity.

PRUN-O-WHEAT BREAD is a natural laxative food that will be welcomed by thousands. Its matchless flavor will make it a favorite on any table. Its mild, but certain laxative properties will correct all but the most obstinate cases of constipation, with their attendant evils.

Can Be Served in Many
Delightful Ways

It should be remembered that for all its splendid laxative qualities, PRUN-O-WHEAT BREAD is also a tempting food. Here is a bread the whole family will enjoy for its rich and appetizing flavor.

PRUN-O-WHEAT toast makes a wonderful addition to the breakfast menu. The younger members of the family will hail it with delight. Sandwiches made with PRUN-O-WHEAT BREAD have a novel charm, especially when a sweet or semi-sweet filling is used. Served at the table for every meal, in addition to white bread, PRUN-O-WHEAT makes for a variety that will appeal to every taste.

Most good grocers are glad to supply PRUN-O-WHEAT upon request. It represents one of the most spectacular achievements of the baking industry.

Beauty Expert
Exposes Evils of
Faulty Elimination

A noted beautician who wishes her name withheld, says: "So many women fail to realize the underlying cause of most blemishes, yellow complexion and other skin faults. In the majority of cases these defects are due to chronic constipation or to the habitual use of powerful laxatives which contain harmful drugs."

"Women should endeavor to remove the underlying cause of skin defects instead of trying to conceal them. This can be done in most cases by attention to the diet and the regular use of naturally laxative food such as flaked wheat and concentrated prune juice."

AMAZING NEW BREAD!

Relieves Constipation
the natural way!

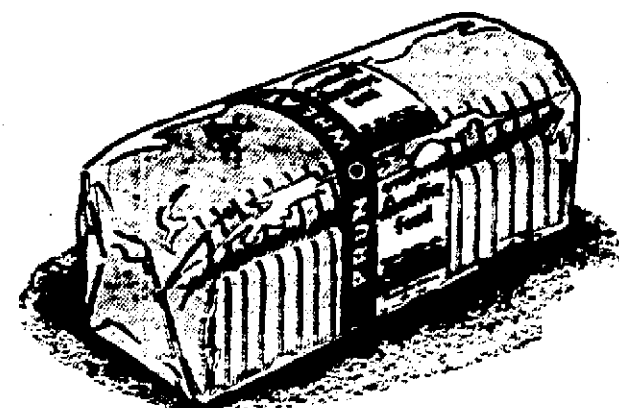

A few tempting slices of PRUN-O-WHEAT BREAD at every meal and you will soon be free from the evils of constipation — without the use of habit-forming drugs. PRUN-O-WHEAT brings you the natural laxative benefits of flaked wheat and concentrated prune juice. It has a delightful

flavor—a gentle, safe and definite laxative action. It is a food and natural laxative in one. Doctors recommend PRUN-O-WHEAT BREAD for all but the most obstinate cases of constipation. Use this wonderful new bread for 14 days. You'll be amazed at the results! Ask your grocer for a loaf, today.

Wonderful Women

She doesn't gossip—like a pearl this lovely lady's virtues glisten. But there's a still more wonderful girl—the one who doesn't listen.

Young Man (seeking advice)—Would you be afraid to marry a red-head?
Old Married Man—What difference would it make? They all get redheaded after they have to put up with husbands.

Some people count their blessings and some count their mistakes.

Woman—Do you believe everything your husband tells you?
Friend—Goodness, no! Will is one of the biggest liars in the world, but he can do it so adorably I just love to listen to him telling me all those fairy tales.

You can tell a college girl. Hearing something she doesn't understand, she says: "How interesting!" instead of: "Ain't it so?"

Youth (to his girl friend)—I guess you won't be the kind of wife whose only utensil is a can opener, will you?
Sweet Young Thing—No, I'll use a corkscrew, too.

The wife of a man who had gotten on in the world was asked why she had changed her doctor. "Well," she replied, "imagine prescribing baking soda and mustard plasters for people as rich as we are!"

Shopper—What's that noise in the barber shop next door?
Grocer—John, the barber, is shaving himself.

Shopper—What's all the conversation about?
Grocer—He's trying to persuade himself to have a massage.

There is always something. The easier she is to kiss, the more she tastes like a stale cigarette.

Visitor—I hear you are a collector of antiques.

Newrich—Yes, I have a very rare typewriter which was owned by Napoleon.

Visitor—But that's impossible. Typewriters had not been invented in Napoleon's time.

Newrich—I know it. That is what makes it so rare.

What we can't understand is how the financial prophets keep from getting discouraged.

Messenger Boy (handing Brown a telegram from his wife in Florida)—Any answer?

Brown (without opening it)—Yes; just say "busted!"

If a man is good, people impose on him. If he is bad, he imposes on people. We don't know what to do about it.

Oldwed—So your wife uses her can opener only in an emergency?
Youngwed—Yes, when all the delicatessen stores are closed.

Modern movie theatres now provide almost everything to aid hearing, except cough drops.

Man (at home talent concert)—She sang that song in a haunting manner.

Wife—Do you think so?
Man—Yes, there was just the ghost of a resemblance to the original air.

A fountain pen is like that, too. It runs off at the mouth because there is very little in it.

Kate—What caused the explosion at your house, Mr. Kleigmeyer?
Mr. Kleigmeyer—Well, I'll tell you, Kate. It was a little bit of powder on my coat sleeve.

Here's a "hot shot": A man with a rip in his coat, buttons off his vest and holes in his socks should either get married or get a divorce.

Every dishonest man was once honest, until temptation got the better of him.

SHOKAN

Shokan, Feb. 28.—The Ladies' Aid Society of the Reformed Church will hold their March meeting next Wednesday afternoon at the home of Mrs. Golden Van Benschoten on the North Boulevard.

Elmer Bedell, the enterprising Shokan stove wood dealer, has about 30 cords of cord wood cut and piled on one of the mountain lots near the Peck summer home. Eddie Ploss and Lester Alexander, two Ashokan young men, did the chopping on this job. Stove wood is selling locally at \$3 and \$3.50 per cord. The demand has been light in February owing to the prevailing mild weather.

Mrs. Alfred Didier of Brooklyn spent several days recently with her parents, Mr. and Mrs. Rensselaer W. Longyear, and sister, Miss Edna Longyear. Mrs. Didier during her stay in Shokan attended the Rebekahs' card party at Olive Bridge and the Grange social at Mt. Tremper.

At the morning service in the Reformed Church last Sunday, the Rev. August Pfanz, pastor of the church, preached from the text, Acts 26:19. It was announced that the annual church meeting will be held on the evening of March 12. An innovation at the meeting this year will be a covered dish supper in the church dining hall.

Mrs. Floyd Merrihew, chairman of the Shokan Home Bureau, is recovering from an attack of German measles.

The news that James P. Loughran's reinstatement as county superintendent of highways has been sustained by the court of appeals, is pleasing to "Kit's" many friends in the reservoir section. Mr. Loughran for years has been a frequent visitor to Shokan in the line of duty.

A large number of Shokan residents, including several school children, saw the motion picture, "David Copperfield," at a Kingston Theatre recently. Those who have gone down to see "Clive of India," report that this is one of the best films they ever attended.

Word has been received here of the death in Berlin, Germany, Saturday, February 15, of Mrs. Teunis Vanderbent. The interment was in Berlin. The deceased woman had been traveling with her husband, a well known New York city architect. Mr. and Mrs. Vanderbent would have celebrated their fortieth wedding anniversary on February 17, and members of the family in this country had sent the couple flowers and greetings on this occasion before learning the sad news. The Vanderbent family maintain a country home, under the care of Arthur Carter, on the Shokan mountain road. Mrs. Vanderbent was a native of Holland. She leaves besides her husband two sons, Arthur of Mt. Vernon and Sidney of Sunnyside, L. I.

A local real estate transfer of February 27, 1853, was that of property in the old village from Andrew Hill to Cornelius C. Bishop. Mr. Bishop, a hotel proprietor, was the father of the late Nathan Watson Bishop and Dr. Cornelius Bishop.

Several Shokan men who have been employed on the town road improvement project near Olive Bridge, were notified Monday that there would be no more work for them until further relief money is received. The husband and young son of Mrs. E. C. Burgher, teacher of the Shokan school, are ill at their home on the west side of the reservoir.

The county snow-plows reached Shokan before daylight Saturday morning. The greater part of our 5-inch snowfall took place during the day, after the plow had been over the boulevard and state road. The main highways again were cleared and the pavements now are bare.

Mrs. Annie Dent of Brooklyn, formerly Miss Annie McEvoy of Shokan, called on her friend, Mrs. Jennie Green, last week at a Kingston sanatorium. Mrs. Green's condition has improved as a result of her sojourn in Kingston.

Frank Myers, well known plumbing contractor, is reported to have leased his filling station and refreshment stand in the west end of the village to out of town people.

Members of the 215th Company, C. C., stationed at Boiceville, have contracted for grey moth over 147,344 acres of woodland and 5,483 acres of open land since beginning the work in northern Ulster in 1922. The inspection included 650 miles of roadside, 244,192 shade trees and 120,818 fruit trees. Their winter tree eradication work extended over 4,571 acres. Tree plantings total 382,638, of which \$1,856 were planted on May 23, 1924, by a force of 122 woodsmen. The boys have destroyed 5,463 webs of tent caterpillars. All accessible land in the towns of Olive and Shandaken has been scouted for moths, and Sangerden and Woodstock have been partially covered by the crews. The figures apply to the period July 1, 1922 to January 1, 1925.

Mr. and Mrs. Herbert A. Gibbels of the Bronx spent Washington's birthday and the week-end at the R. W. Longyear house and in visiting their country home on the West Butternutkill.

Mrs. Sarah Elment of the village center was the guest last Thurs-

day and Friday of her friends, Mr. and Mrs. Lincoln Smith of Ashokan. Mrs. E. C. Burgher, teacher of the Shokan school, attended the Eastern Star funeral services for Grace V. Merrill in Kingston last Wednesday evening. Mrs. Burgher is associate matron of Clinton Chapter, O. E. S.

Mrs. Inez H. Dumont is spending the winter with her daughter, Mrs. Inez Corley, and granddaughter, Miss Ann Corley, in Asbury Park, N. J. Miss Corley is now a nurse at the Pitken Hospital where many of the Morro Castle victims were treated.

M. Reina of Poughkeepsie was in Shokan last Wednesday and placed a General Electric refrigerator and an electric range on exhibition at the Winchell store.

At a business meeting of the Good Citizen School Club, held in the Shokan schoolhouse Thursday afternoon, it was decided to prepare a health play under the leadership of Annette Robeson. Parents of the pupils will be invited to attend this play, the date of which will be announced later. A club color bearer was selected at this meeting, the choice being Otto Grossman. The school club was organized Friday, February 15, the officers elected being as follows: President, Anna Leyder; secretary, Mary Elliott; vice president, Annette Robeson; treasurer, Charles Personeus. The aim of the club is the promotion of health, honor and happiness. Meetings of the new organization are held on the first and third Fridays of each month.

The heavy rain and mild weather of Monday took away much of the winter's accumulation of snow, though there remains plenty of sleighing in the woods back of Shokan. Monday was a first rate maple sap day, one farmer reporting a flow from a fresh tapping, of over 200 drops per minute.

The three children of Burdell Wheat are reported as being ill of the German measles.

The birth of a son to Mr. and Mrs. Floyd Weeks of Kingston was announced in Monday's Freeman. Mr.

Weeks resided in the village center as a boy and young man. He is a cousin of Mr. Fred Adair.

Elections and majorities at the Olive annual town meeting, held Tuesday, March 1, 1864, were as follows: Supervisor, Nathan W. Watson, 151; clerk, Hiram Barton, 161; Justice of the peace, Lewis Bardin, 97; Dewitt C. Davis, 169. John M. Burgher was elected commissioner of highways. Of these wartime officials, Mr. Watson was a sawmill proprietor and farmer owning 2,342 acres in Olive, Deering and Shandaken. Mr. Barton had a 160-acre farm at Olive Bridge. Mr. Bardin, a general storekeeper at Olive Bridge, was also the owner of 124 acres of farm land.

Mr. Davis, a surveyor, resided on a 30-acre farm at Shokan, and Mr. Burgher farmed 119½ acres near Shokan. The Democratic and Republican caucuses were held each year a few days before the election. A special election also was held on March 8, 1864, the polling place for Olive being at the old Shokan House, on the question of amending the Constitution to allow soldiers of the Union Army to vote.

The pupils of the local school are selling garden seeds, the proceeds of which will be used to purchase something for the schoolhouse. Song books, a picture of Washington and other things have been secured in past years as a result of these sales made by the children.

Forester Stasick of the C. C. C. camp at Boiceville, and family are the latest additions to the hub of the reservoir country's growing population.

Harry Markle, a son of Mr. and Mrs. Homer Markle of the west end, writes to Shokan relatives that he and his wife are picking up a little in Cleveland, Ohio, where Mr. Markle is now located. Harry is employed in the office of the Harris-Seiboldt-Trotter Co., manufacturers of printing presses. He formerly was connected with the same firm in Connecticut.

Mr. and Mrs. Arthur Vanderbent of Mt. Vernon spent the week-end in this section. Mrs. Vanderbent vis-

MODENA

Modena, Feb. 28.—Herbert Winters, A. D. Wager, Frank Richard and Orville Coy and Harold Bernard attended the public sale of household furniture, farm produce, animals and implements at Rudnik's farm, near Walkkill, Tuesday afternoon.

Carl and Tommy Ambrosino of Ardonia were business callers in this village Tuesday.

Ralph Dewey of Tillson was a business caller in this section Tuesday.

Mr. and Mrs. DuBois Grimm have returned from Boston, Mass., where they spent the past week-end. Ransel Wager was a business vis-

itor in Kingston Tuesday.

Miss Gladys Coy was a guest of Miss Shirley Compton at New Paltz last week-end.

HOLLYWOOD SIGHTS & SOUNDS

By ROBBIN COONS

HOLLYWOOD—The French chateau of Cardinal Richelieu in the movies is a mansion which is making its film debut because George Arliss is the star of the picture. Use of the mansion had never been granted before, but in the case of the distinguished British star the owners made an exception.

So the "Richelieu" company spent a day on location there. The long night of stone steps leading up to the house serving as a background for the colorful procession of brightly costumed "court dignitaries" and cinematic "royalty."

But when the actors returned from location, they continued working against the same background. The lower portion of the broad ascent, climbing through stately cedars and marble statues on either side, had been reproduced on a sound stage. Arliss and his king (Edward Arnold) conversed on a bench at the foot of the steps, while courtiers in plumed hats and various other attendants stood by.

Synthetic Breezes

It was an exact copy of the location but for one thing. An oversight here would have caused an avalanche of critical letters from fans who delight in finding flaws in movie scenes. Something was wrong. The players' costumes seemed to be correct, their positions corresponded correctly to those in the location sequence of which this scene was to be the continuation. It was Peter Marley, the cameraman, who called for "wind." The day on location had been blustery. The wind had made the hat plumes dance and sway. In the protection of four walls the air was still the plumes dropped. The workers on the sidelines supplied the breezes. They waved fans, fitfully, out of camera range.

Mickey's Locomotion

Mickey Rooney, the boy actor who broke his leg tobogganing, did not lack the ministrations of friends during the wheel-chair stages of convalescence. Mickey's gang—the neighborhood youngsters—were all on hand to supply locomotion for the chair, with Mickey, who has his own football team, calling signals.

The hero and comic did exactly what was expected of each when Clark Gable and Jack Oakie took up skiing on location. Gable, the hero, performed as if he at least had met a ski before. Oakie, the comic, we have it on good authority, remained on them—in the erect posture, that is—only long enough to have his picture taken. The rest was sitting.

Frank Morgan, erstwhile enthusiastic boatman, is giving up his seatcraft, and buying a home. Yachting parties, he has found, run into more money than an actor who is buying a home should be putting out.

Accidents occurring to Milwaukee city employees in 1934 ranged from the office worker who hurt his knee sitting down, to the meter reader who all but strangled himself on a clothes line in a dark basement.

The Matinee Idol Returns To Favor

The matinee idol is with us again. Not that he ever really left us, but he is in particular demand in Hollywood at the moment. The gentlemen of the classic profiles have crowded out the males of more rugged countenance and the current demand is for screen heroes like Warren William (top, left), John Barrymore (bottom, left), John Boles (top, center), Fredric March (top, right), and Warner Baxter (bottom, right). MARLBOROUGH

Marlborough, Feb. 27.—Last Tuesday evening the Ravine Rebekah Lodge held its regular meeting. It was planned to hold another old-fashioned and modern dance on Friday, March 8 in the Advance Hall. Music will be furnished by Pardee and Allen. Mr. and Mrs. Martin Tompkins are the chairmen.

On Thursday afternoon the Ladies' Aid Society of the Marlborough Methodist Church and the Women's Association of the Presbyterian Church will meet together and hear the pastors of the two churches in informal addresses. The Rev. Ralph Northrop of the Methodist and the

Rev. Everett J. LeCompte of the Presbyterian churches will both talk to the ladies of the two societies. The joint meeting will be held at the home of Mrs. W. J. Haviland. Refreshments will be served by Mrs. Barton Harris, Miss Maud Harcourt, Mrs. Howard Graves and Mrs. Raymond Schoonmaker.

On Wednesday evening, March 6 in the Meekes home, Shady Brook Lodge, the Women's Association of the Presbyterian church will hold a games party. The committee in charge are Mrs. Edmund Carpenter, Mrs. Russell Nicklin, Mrs. Fred Velle, Mrs. Stanley Harcourt, and Mrs. Olof Sundstrom. Everyone is invited to attend.

On Monday evening, 18 ladies members of Court Santa Maria, Marlborough, Catholic Daughters of America, attended the twenty-second birthday of Court Patricia of Newburgh. The banquet was held in the Palantine Hotel and after dinner was served speeches were made by the Grand Regent of Newburgh, Mrs. Clark, also by the State District Deputy, Mrs. Tinnan, the Very Rev. Monsignor O'Carroll, chaplain, Mrs. Dwyer, Miss McCormack, Miss B. Leonard and Mrs. Marino. After the dinner the members adjourned to the Knights of Columbus building where dancing and cards were enjoyed until a late hour. Those attending from Marlborough were, Mrs. Roy Barry,

Mrs. Walter Batten, Mrs. Albert Markey, Mrs. John Conn, Jr., Mrs. R. O. Froemel, Mrs. Thomas Greco, Mrs. William McGowan, Mrs. John Cooney, Mrs. B. Herberich, Mrs. Frank Hannigan, Mrs. Katherine Roll, Miss Muriel Roll, Mrs. Nicholas Mertes, Mrs. Richard Downer, Mrs. L. Ronk, Mrs. P. Comby, and Mrs. Helen Kissel. The trip was made by one of the buses of the Diamond lines owned by John A. DuBois.

The Rev. Everett J. LeCompte of the Marlborough Presbyterian church was the presiding officer at the Presbytery conference held in Poughkeepsie last Sunday. Dr. Robert E. Speer, internationally known religious leader was the principal speaker. Attending from here were Mr. and Mrs. Wilbur J. Haviland, Harrison Dawes, Mr. and Mrs. Robert Cole and Mr. LeCompte. Francis Bloomer, daughter of Mr. and Mrs. Joseph Bloomer is recovering from a serious attack of pneumonia in the hospital in Orlando, Fla. Mr. and Mrs. Bloomer are spending the winter months in the south.

Mission President to Talk.
Don D. Colton, president of the Eastern States Mission of the Church of Jesus Christ of Latter Day Saints, will speak on the "Church of the Air" service over the radio Sunday, March 3.

Near Zero Weather Grips Kingston Today

Kingston shivered in close to zero temperatures this morning. The lowest point recorded was 8 degrees above the zero mark at 4:15 o'clock this morning as registered by the recording thermometer at the city hall. At 2 o'clock this morning 24 degrees above zero was recorded, but as the morning advanced the temperature began dropping.

Clean Out Kidney Poisons

Wash Out Ten 15 Miles of Kidney Tubes

If kidneys don't pass 3 pints a day and get rid of more than 3 pounds of waste matter, the 15 miles of kidney tubes and filters may become clogged with poisonous waste and the danger of poisoning is greatly increased. Bladder passages are difficult, which often smart and burn like scalding water and cause discomfort. This acid condition, brought about by poor kidney functions is a danger signal and may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swollen feet and ankles, rheumatic pains and dizziness. Most people watch their bowels which contain only 27 feet of intestines but neglect the kidneys which contain 15 miles of tiny tubes and filters. If these tubes or filters become clogged with poisons, it may knock you out and lay you up for many months. Don't run any risk. Make sure your kidneys empty 3 pints a day. Ask your druggist for DOAN'S PILLS, an old prescription, which has been used successfully by millions of kidney sufferers for over 40 years. © 1934, Foster-Milburn Co.

Colonel McEntee At Wurts Street Baptist

A rare treat is to be offered to the people of Kingston when the Baraca Class of the Wurts Street Baptist Church presents Colonel Girard Lindsey McEntee at the Wurts Street Baptist Church on Friday evening, March 8. He is presenting his illustrated lecture on "The British Occupation of Jerusalem". This timely message coming as it does at the beginning of the Lenten season will bring to our attention what has been called "The Second Great Crusade." Since the beginning of the eighth century this land of Palestine with its Holy City of Jerusalem had been in the hands of the Turkish Mohammedans. The sacred places of the Master were under the rule of those who had supplanted the Cross of Christ with the Crescent of Islam. The First Crusade checked the flow of Islamism over all of Europe but it could not overthrow the power in the Holy Land. It remained for the Second Crusade under the British during the World War to accomplish this. The triumphant march of those troops under General Allenby over almost the same route taken by the Children of Israel was a masterpiece of Military genius. Colonel McEntee brings this out in his own comprehensible manner in this lecture.

Colonel McEntee is well fitted to handle his subject. A native son of Kingston, he was graduated from the Army School at Fort Leavenworth, the Infantry School of the Line, the General Staff School and the Army War College, Washington, D. C. He has served with the Army with 32 years of commissioned service. He was a member of the A. E. F., serving in France as a staff officer of the Seventh Division. While on staff duty in Washington he had exceptional opportunities to gather material for his lectures. The Italian government has shown its approval of his work by bestowing on him the grade and decoration of Ufficiale Della Corona D'Italia. He is the author of the book, "Italy's Part in Winning the World War." For the past six years, or more, he has been on the lecture staff of Princeton University, Rutgers University, the Naval War College, the United States Marine School, the United States Military Academy, as well as many others. His speaking engagements include all the leading universities, high schools, private schools, service clubs, veteran organizations and hundreds of other organizations.

The public of Kingston is cordially invited to attend this lecture which will be held in the church auditorium. A free will offering will be taken which will be used for the improvement fund of the church. Members of Kingston Post, No. 110, American Legion and Joyce-Schrick Post, Veterans of Foreign Wars, are specially invited to this lecture.

Colbert And Gable Win 1934 Screen Awards For Best Performing

Hollywood, Calif., Feb. 28 (AP).—Claudette Colbert and Clark Gable were acclaimed by the movie world today for the best acting performance on the screen in 1934.

The two, co-starred in "It Happened One Night," were singled out for the honor in annual awards voted last night by the Academy of Motion Picture Arts and Sciences. Other film notables were tendered awards for acting, directing, producing, song writing and other outstanding achievements in the industry the past year.

Greatest applause from the thousands of the film colony's elite who attended the academy's annual banquet, however, was reserved for little Shirley Temple, who received a special award.

The picture, "It Happened One Night," a cleverly-fashioned but simply-told story of a boy and a girl, was the vehicle on which others besides Miss Colbert and Gable rode to acclaim.

Riskin Gets Writer's Award. Well written, it brought the year's screen writing award to Robert Riskin; well-directed, it brought the directing award to Frank Capra; and well-produced, it brought the production award to Columbia Studios.

The proceedings were interrupted midway so Miss Colbert, who was taking a train for New York, could receive her golden statuette. She kissed Irvin S. Cobb, toastmaster, and said:

"I am afraid I'm just going to be very foolish and cry. I was busy with retakes until the last minute and I wanted to get off for this vacation. But before I go I want to tell you how grateful I am to Frank Capra (her director in "It Happened One Night"). If it hadn't been for him, I wouldn't be here."

Later Cobb said: "This year the academy felt there was one great, towering figure in the cinema game, one artist among artists, one giant among the trouper."

Shirley Temple Applauded. He ended with the name of Shirley Temple. When the young star came into the spotlight she received the biggest hand of the evening. She also kissed Cobb and was placed on a stool before the microphone.

"I want to thank you all very, very much," she said.

Gable was cheered lustily, but merely bowed and smiled as he received his statuette.

Runners Up. Runners up to Miss Colbert in the academy's balloting, which now represents a minority of film workers, were Grace Moore for her work in "One Night of Love," and Norma Shearer for "The Barretts of Wimpole Street."

While the vote count was not announced, Miss Colbert was said to have been far in the lead.

Running behind Gable in the men's class were Frank Morgan, who scored in "The Affairs of Cellini," and William Powell for his work in "The Thin Man."

Several write-in candidates drew attention, notably Bloncie Bette Davis for her role in "Of Human Bondage."

Other Awards. Other awards announced were: Song—"The Continental," written by Con Conrad and Herb Magdon; in the picture, "The Gay Divorcee." Sound Recording—"One Night of Love."

Musical Scoring—"One Night of Love." Short Subjects—Comedy, "La Cucaracha;" cartoon, "The Tortoise and the Hare;" and novelty, "City of Wax."

Assistant Direction—John Walters for "Viva Villa."

Art Direction—Cedric Gibbons for "The Merry Widow." Cinema Topography—"Cleopatra." Original Screen Story—Arthur Caesar for "Manhattan Melodrama." Film Editing—Conrad Nervig for "Eskimo."

Found Sun's Power.

The unknown individual who first focused his rays with a magnifying glass and set a splint of wood or piece of paper on fire, accidentally discovered, although he might not have known it, the power in the sun. Later came others relying on this discovery with larger magnifying glasses and concave focusing mirrors, which concentrated the rays so that their heat boiled water, thus producing steam which might drive engines.

May Return To Her First Love

Film colony tongues were started wagging over the possibility of a new romance between Nancy Carroll (above), screen and stage actress, and Jack Kirkland (left, below), screen playwright and her first husband. The second Mrs. Kirkland has secured a divorce from the writer and Miss Carroll is separated from her second husband, Bolton Mallory (right, below), magazine editor. (Associated Press Photos)

At The Theatres

PREVIEWED

Today
Broadway: "Society Doctor". Virginia Bruce, Chester Morris, Billy Burke and Robert Taylor work hard in this story which pits youth against old age in the constant battle against disease. It is the story of life as it is won and lost in the confines of a metropolitan hospital. It moves in interesting fashion through the routine of hospital life, dips into the lives of doctors, internes and nurses, has several moments of lively comedy and many minutes of real and gripping suspense, and one especially effective scene in the operating room. Directed by George B. Seltz, this play is interestingly done from every standpoint, with the exception of occasional moments of needless melodrama.

Orpheum: "Successful Failure" and "You Belong to Me." William Collier, Sr., is to be seen in the opening talkie while Lee Tracy appears in the second feature picture. Both are average films, although the second one will prove the more enjoyable to most audiences. A feature of Wednesday evening's performance will be the amateur show with Billy "Joy" Jackson in the driver's seat.

Kings: "Wings in the Dark". A spirited bond for aviation and its future possibilities through scientific advancement comes to light in this melodrama that moves briskly through a series of exciting happenings with Myrna Loy and Gary Grant featured in the important roles. The story concerns an aviator, blind because of an unfortunate accident, and his effort to be of use in the world despite his handicap. He has perfected a blind flying device, and through the help of two friends he proves to the world how valuable they are to aviation. In true Hollywood style, the plot develops a happy landing. Others in the supporting cast include Roscoe Karns and Hobart Cavanaugh. James Flood directed the picture. Good entertainment.

Tomorrow

Broadway: Same.
Orpheum: "Now and Forever" and "Rocky Rhodes". One of the older of the Shitley Temple offerings is the first feature, with Gary Cooper and Carole Lombard in the main roles. It concerns a wanderer who falls in love with a little girl, played by Shirley Temple, and how it makes him discover the true values of life. The play is neat and expensively done. "Rocky Rhodes" is a Buck Jones thriller, a full length picture with an abundance of action.

Kings: Same.

MODES of the moment

Junior dresses take their cue from Redingote and shirtmaker styles.
Liana Marwin

In keeping with the trend in women's dresses, the same ideas appear in youthful frocks for new season. On the standing figure is shown one of the new printed frocks of wear, with much ado about resingote, shirtmaker models, accordion pleating, lingerie touches and the like. On the seated figure, sketched above, the junior miss wears a frock of redingote styling which combines navy crepe with a colorful, floral print. A box pleat trims the front of the bodice, and the collar and self-tie also use the printed fabric. Three-quarter sleeves, raglan shoulders and a navy belt with large buckle are other smart style details that are featured here.

Vaudeville Show at Auditorium Tonight

The curtain rises at 8:15 o'clock this evening at the Kingston Municipal Auditorium on the first all-vaudeville professional show to be given in Kingston in some time. Admission is free and the general public is invited. The show is given under the auspices of the local emergency relief bureau as a work relief project of the drama department of the State TERA. Every act is put on by a professional.

DOES YOUR HUSBAND CALL YOU GROUCHY?

He's truthful if not tactful. Man-like, he is bewildered by your offishness and irritability. He can't understand what you have to be blue about. He wishes that you'd snap out of it. He'd do

Mrs. Barbara Spears anything he could to help you. If he knew how good Lydia E. Pinkham's Vegetable Compound was, he'd go straight to the nearest drug store and buy you a bottle.

"My husband says I am my old self again," says Mrs. Barbara Spears, 799 Elm Street, Akron, Ohio. "I was tired and all in with no appetite. Had no pep and was in poor spirits. Your Vegetable Compound eliminated that awful tired feeling."

Don't try your husband's patience too far. Get a bottle from your druggist NOW. It probably will help you, because nearly a million American women know from personal experience that it helps them.

Try Lydia E. Pinkham's VEGETABLE COMPOUND.

WHAT MURLEY TAXPAYERS HEAR ABOUT ROADS

The need for a program to correlate all methods of transportation, in order to provide the public with the best service at lowest cost and with the greatest safety from traffic hazards, was shown in a novel and convincing manner at the West Hurley Taxpayers' Association meeting this week.

Under the direction of Dr. Rowland Rogers, of New York, a unique device known as the "Flintalker" brought a well-known transportation authority to the screen in an electrically transcribed address titled "The Road Ahead". The address was that of Col. Willard T. Chevalier, vice president of

McGraw-Hill Company, New York publishers of national engineering journals. The presentation is an educational feature designed to promote a better public understanding of transportation, particularly highway problems.

One of the main points in Col. Chevalier's address, pointed to the necessity of developing a highway and arterial street improvement program with due consideration of other transportation agencies, that is, air, water and rail. He said that no longer can these various agencies be considered separately, because each has its function which contributes to the entire transportation scheme. Public interest is not served completely by any one method and the startling changes in speed and equipment have developed important new viewpoints.

Students' One-hour Strike

New York, Feb. 28 (AP)—A nationwide one-hour strike of students opposed to war and fascism has been called for April 12. Spokesmen for the Columbia University anti-war committee, which announced the call, said they expected at least 100,000 college students and 20,000 high school pupils to participate. Nearly 100 institutions will be represented, the committee said, with presidents and deans leading the protests at some colleges.

There's consolation in everything. You don't see so many sore thumbs any more from coupon-clipping.

QUICK RELIEF FROM CONSTIPATION

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 20 years, and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation.

Olive Tablets do not contain calomel, just a healing, soothing vegetable laxative safe and pleasant.

No griping is the "keynote" of these little sugar-coated olive-colored tablets. They help cause the bowels to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—dull, tired feeling—headache caused by constipation—you should find quick, sure and pleasant relief from one or two of Dr. Edwards' Olive Tablets.

Thousands take them to keep right. Try them. 15c, 30c, 60c.—Adv.

PROCLAMATION

The People of the State of New York, by the grace of God free and independent: To the Sheriff of the County of Ulster, greeting:—We command you that you summon to be and appear at a term of the Supreme Court of the State of New York, to be held by a Justice of the Supreme Court, at the Court House, in Kingston, in and for the County of Ulster, on the 1st Monday of March, 1935, the several persons who shall have been drawn to serve as Grand and Petit Jurors at the said court. And we further command you to bring before the said court all prisoners then being in the jail of the said County of Ulster, together with all the processes and proceedings any way concerning them in your hands. And we further command you to make proclamation to the said prisoners, prescribed by law, notifying all persons bound to appear at the said court, by recognition or otherwise, to appear thereat, and requiring all Justices of the Peace, Coroners and other officers who have taken any recognition for the appearance of any person at the said court, or who have taken any inquisition, or the examination of any prisoner or witness, to return such recognitions, inquisitions and examinations, to the said court on the opening thereof on the first day of its sitting, and to be then and there present.

Witness, Hon. PIERCE H. RUSSELL, one of the Justices of our Supreme Court, at the Court House, in Kingston, in said County, the 13th day of February, 1935.

CLEON B. MURRAY, District Attorney.

In pursuance to the above precept, I hereby make proclamation that a term of the Supreme Court of the State of New York, at the Court House, in Kingston, in and for the County of Ulster, on the 1st Monday of March next, at 11 o'clock in the forenoon, at that place, and there, will be held a grand jury, and a petit jury, to be sworn, and to be then and there present, to hear and determine all cases brought before them, and to do those things which to their offices pertain.—Dated, City of Kingston, February 13th, 1935.

JOHN H. SAGE, Sheriff of Ulster County.

Keeping Pets In Hollywood Is A Doggy Business But Even Turtles And Goats Favored By Some Stars

By ROBBIN COONS

HOLLYWOOD—When it comes to pets, Hollywood is essentially a "doggy" town.

But the movie stars have room in their affections also for horses and cats and birds, and monkeys and turtles and ducks.

There are dogs in all shapes and sizes, from Lupe Velez's little Chihuahua and Jean Harlow's three-pound Pomeranian, Oscar, to Harold Lloyd's Great Danes. There are champions like Frank Morgan's ribbon-winning Dachshund, "Morgan's Hurst," and "Just dogs" like Edward G. Robinson's "Lefty"—so-called because he was left in their house by a previous tenant.

Plenty Of Scotties

There are Scotties—Jean Muir's Shandygaff, Bette Davis's Tibby, Garbo's Wimpy, Una Merkel's Shanty are only a few. Police dogs, like Ann Harding's Prince, both pet and watchdog, and Margaret Lindsay's Chief, are favored too. Clark Gable and Allen Jenkins are among the Chow-keepers. Irish terriers, Boston bulls (of which Jackie Cooper has one), Schnauzers, collies, St. Bernards, English sheep dogs, like Jeanette MacDonald's pair, Pekingese, poodles—in fact, practically every breed of dog is represented

in the stellar kennels. Marion Davies has a regular dog-show of her own—with about 30 canines, but her favorite is Ghandi, a dachshund. Warren William breeds wire-haired terriers, and Hardie Albright is a dog-fancier and breeder.

Elissa Landi has a cat named Garbo because it came from Sweden. Alison Skipworth's feline is Sascha, and Joan Blondell, an ardent cat-collector, has a Persian named "Washie." In John Barrymore's menagerie, which includes dogs, cats, and assorted pets, a notable rarity is Maloney, a trained South American vulture.

May Robson's canaries are favorites of hers, and Irene Dunne has a single bird, gift of a fan.

Turtles For Remembrance

Yvonne Tassdale has three turtles, presented by her husband, Adolphe Menjou. Inscribed in their backs—in brilliant—are the words, "Forget Me Not."

Delmar Watson, boy actor, has a trained turtle named "NRA," that will come when called, and do tricks. Gary Cooper's chimpanzee, Toluca, is only one of his pet gallery. Mae West had a ring-tailed monkey, but "Bogie" passed away.

Baby Leroy has Hollywood's goat—a live one—besides a little flock of ducks.

Above: Bette Davis gives "Tibby" the once-over not so lightly. Below, left to right: Delmar Watson, with "NRA," which is trained; Joan Blondell, and her favorite, "Washie"; and Gary Cooper's now well-known "Toluca." These are only a few of the movie stars with pets which are listed as important members of the actors' households.

HIGHLAND

Highland, Feb. 28—Ernest Gerrick, Sr., was taken suddenly ill while at work at the plant of the Hudson Valley Pure Food Co. this week.

George and Miss Helena Schoonmaker and Stockholm Baldwin were guests of William Sears Tuesday evening, the occasion being the birthday of Mr. Sears.

Mrs. Carroll F. Kearney entertained the three table bridge club Wednesday at the home of Mrs. George Cole in Middle Hope for luncheon. Mrs. Thomas Sears is a member of the club.

Following the business meeting of Highland Chapter, O. E. S., a card party was held with 10 tables of pinocle, bridge and dominoes playing. This and the prizes were in charge of Mrs. Thomas Washington. The chapter received an invitation to meet with Kingston Chapter on March 15 when the deputy grand officers make their official visit. Refreshments were served by Mrs. Carrie Jordan, Mrs. Dora W. Wilklow, Mrs. D. H. Starr, Mrs. Thomas Hopper, Mrs. Florence Goudy, Mrs. James Ransley, Mrs. George Gunsalus.

Mrs. Bertram Cottine attended the meeting of Van Winkle triangle in Kingston Thursday night when a class of candidates was initiated.

Zeno Lodge, K. of P., held its regular meeting on Wednesday evening. Reservations have been made for the Queen Esther card party, to be held Friday night in the Masonic lodge rooms, by Mrs. Emily Hasbrouck, Miss Barbara Merritt, Mrs. Minnie Terpening, Mrs. George Miller, Mr. and Mrs. Salmon, Mr. and Mrs. Victor Batt, Mr. and Mrs. J. J. Donovan, Mrs. Fred Decker, Mrs. Louise Sheeley, Mr. and Mrs. Allen Sheeley, Mr. and Mrs. Ralph Lyons, Mrs. D. H. Kuriz, Mrs. J. W. Blakely, Mr. and Mrs. George Fowler, Mrs. Pauline Gerkin, Mrs. Carrie Atkins, Mr. and Mrs. Louis Palmer, Mr. and Mrs. Perry Reiva and Mr. and Mrs. Edward Hubbard attended the barn dance at Middletown Wednesday evening.

The annual banquet held by the Highland Hose Co. was attended by 110 Tuesday evening at their home house on Main street. The toastmaster, Jacob J. Donovan, introduced the speakers, Chief Chris. Noll, Former Chief William H. Frank, Alderman Becker, and three members of Phoenix Hose Company of Poughkeepsie. This company responded in October when the theatre building fire threatened to destroy a business block. Father Calcestra of St. Augustine's church, the Rev. D. S. Hargens of the local Presbyterian church, Fred Crawford of Walden, Chief Fred Thiel of Milton, Chief Harris of Clintonville, Fear of the fire commissioners, Thomas Hopper, George Hildebrand, John F. Wadlin, Orange S. Ingraham were also guests. Chief William H. Maynard and president Richard Patton were honored in words for the efficient service rendered by them for the last 20 years. Following the dinner and talks on the lower floor of the fire house the men adjourned to the parlors on the upper floor where the Bill Billy boys of Walden entertained the company. Among them were two radio stars, Eddie Moran and Bob Temple of Walden who broadcast over the station at Chester. Plans for the next year's dinner were prepared by Elton Tompkins and his committee.

When Distressed With SINUS TROUBLE

Your druggist has a prescription that affords a healing stimulant that aids nature to keep sinus drainage clear.

This prescription, used by thousands, is known as SINASIPTE.

Used as directed in the upper nasal passages, it reduces symptoms of fullness, aches and pains, and also reduces chances of more severe sinus trouble—your pharmacist knows this.

Needless to say Sinasipte is a splendid cleansing wash when nostrils are clogged with catarrh or filled with mucus resulting from common colds.—Adv.

Investigations By 'New Deal' Cost More Than \$1,000,000

By WILLIAM S. WHITE.
Washington, Feb. 28 (AP). The "new deal" wide use of investigative power, exemplified in the demand of congressional leaders for a \$750,000 inquiry into telephone companies, already has brought about the most formidable list of inquiries within recent years.

Aside from currently discussed inquiries, the government's bill for a wide variety of investigations made since the start of the Roosevelt administration already has gone far beyond the one-million-dollar mark, with the end not in sight. This figure does not include money spent in routine inquiries by departments and committees of congress.

Power Company Quiz.
One of the biggest sums yet appropriated during the present administration was for a two-phased search into the business of power companies by the federal power commission, independent of a six-year investigation by the trade commission. Seven hundred thousand dollars has been appropriated for the power body's task—\$200,000 for a rate survey and \$400,000 for a general check-up on national power resources, the problems of rural electrification and rate requirements.

Other departmental investigations running into major sums began in previous administrations and thus are not attributable to the "new deal."
Congressional Inquiries.
Congress, itself, has been exceptionally busy with inquiries into

many subjects, the most important from the public view being the munitions and banking and stock exchange practice investigations. For the former \$100,000 has been appropriated and for the latter—work on which started in the late days of the Hoover administration—\$260,000.

The appropriated cost of others heralded high in the headlines varies from \$30,000 for the committee on un-American activities to \$500 for the inquiry into what Dr. William Wirt, the Indiana pedagogical, had to say as to allegedly subversive and violently radical influences within the administration.

Rackets and Others.
Other investigations made under the Roosevelt administration by congress, along with the amount set aside for each, follow:
The "kickback" racket, \$15,000; general rackets, \$10,000; air and ocean mail contracts, \$55,000; military contracts, \$30,000; oil, \$25,000; Akron disaster, \$5,000; alleged delay in prosecuting a New York bank scandal, \$1,000; bankruptcy receivership proceedings, \$20,000; senate campaign expenditures, \$25,000; charges against government appointees, \$8,500 (three investigations); conduct of receivers, trustees and referees in bankruptcy, \$17,500; revenue law evasions, \$10,000; wild life conservation, \$7,500; campaign expenditures for house, \$10,000; U. S. tin supply, \$10,000; financial affairs of war veterans, \$7,500; real estate bondholders reorganizations, \$15,000.

Stage Set For K. of C. Charity Ball Friday

Final arrangements for the 16th annual charity ball of Kingston Council, No. 275, Knights of Columbus to be held Friday evening in the Kingston Municipal Auditorium, were completed at a meeting of the general committee, and indications point to a record breaking crowd. The doors will open at 7 o'clock, and those desiring advantageous seats are advised to secure them early. A concert by Robert F. Studding's orchestra will begin promptly at eight o'clock, and on the stroke of nine o'clock, the extraordinary program of entertainment by leading artists of stage and radio will begin. Seven big-time acts, along with five snappy numbers by the star pupils of the Cashin School of Dancing, will feature the evening. At ten o'clock, continuous dancing to the melodious tunes of two orchestras under the direction of John P. Ernie and Robert F. Studding, will be in order.

In order to accommodate the huge crowd that is expected to fill the big auditorium, the entertainment committee has decided to give the majority of the acts from the ballroom floor. This will enable everyone to have a clear view of the acts as well as hearing the same, from every point of advantage.
Edward F. Moran, chairman of

refreshments, is looking forward to a banner evening at the refreshment room, and sufficient help will be there to serve the large crowd promptly and speedily.

Miss Theresa V. Brophy, who has so generously donated her services to the cause of charity in other years, will again be in charge of the flower and cigarette booth, and she asks the public to contribute generously and patronize her booth throughout the evening.
George Bolechovitz, chairman of the checking, will have sufficient assistance to accommodate everybody at either one of the check rooms. The ladies check room will be upstairs as usual with Mrs. Becker and Mrs. Daley in charge.
With the stage set for the 16th annual ball, the committee hopes that success will crown their efforts to produce an event that will excel any affair ever held in this city. The character of the entertainment, the convenience of the spectators and the engagement of two splendid local orchestras is expected to draw a large crowd.

FINGER AND VON BERG GO ON A FISHING TRIP

The next big news story of interest to Kingston folks is expected to come from Sullivan county when Deputy County Clerk H. C. Finger and William Von Berg return from their fishing trip to Wolf pond. These two redoubtable fishermen left this morning for a day's fishing through the ice.

They were very optimistic as they stored away a generous breakfast at the Advance preparatory to braving the icy winds and zero temperature of the Sullivan hills and told stories of some of the big catches that have been taken from this old D. & H. canal "feeder" in days gone by.

In addition Von called attention to the fact that a south wind was blowing, a guarantee that the hooks would be blown right into the fishes' mouths. The only fly in the ointment, if one is justified in even thinking of flies this cold morning, was that despite the picture they painted of big pickerel fairly hanging on each others tails as they made an almost continuous procession coming out of the water, was that they couldn't arouse enough enthusiasm among their listeners to induce one of them to join the party and help cut holes through the ice. When last seen they were considering a stop at the shanty of Bill Leogid, in the fastness of the Shawangunk mountains, to see if they couldn't induce that mighty hunter and fisherman to accompany them and help out in the more strenuous part of the day's exercise.

Soldierly Students Save Friends' Lives In \$100,000 Blaze

Ogdensburg, N. Y., Feb. 28 (AP).—The soldier-like obedience of a small group of students who aided in carrying out crippled children and directing others was credited today with preventing a loss of life in the burning of a school house.

As the fire raged in the school house yesterday afternoon, about a dozen eighth grade pupils raced to their appointed posts and aided in directing 450 pupils to safety. They carried out a half dozen crippled children, unaware that it was a real fire and that some of the frequent drills ordered after officials of the state education department condemned the building four years ago as "veritable fire trap."

"Not a single child faltered," said Miss Laura Mary, principal of the school. "Not a single one was injured."
So speedily was the building evacuated that Miss Mary, finding the blaze still confined to the first grade room where it started, rang the recall bell and all but the first graders marched back in to get their coats and hats. The older boys ran to the first grade quarters and served most of the smaller children's garments. Loss was estimated at \$100,000.

Mermaids Are Mythical Beings; Basis for Idea

Mermaids are mythical beings of the sea supposed to have the form of a woman above the waist and that of a fish below. According to mythology, mermaids had great personal charms with which they lured men to destruction in the deep. There is a slight physical basis for the myth. Some marine animals resemble human beings when seen at a distance in certain attitudes. In some northern countries seals have a way of lifting their heads from the water with a human, intelligent look in their faces, and they hug their young to their bosoms much as a human mother does.

When Henry Hudson was on a voyage between Spitzbergen and Nova Zembla in 1608, he reported that one morning in June two of his sailors saw a mermaid who came close to the side of the vessel, and gazed at them intently. Her face and breasts were those of a woman, but below she was a fish as big as a halibut and colored like a speckled mackerel. If the two sailors were not telling a yarn it is probable that they saw a seal, an animal then little known to Europeans. A few years later Capt. Richard Whitbourne reported seeing a mermaid in St. John's harbor on the coast of Newfoundland. Whitbourne, like Hudson's sailors, was no doubt the victim of careless observation. Walrusen seen dimly at a distance often appear like mermaids.—Indianapolis News.

Some People Made Famous Through Help of Fiction

Few people have had the experience of becoming world-famous as the original of an immortal character in fiction.

Many authors have chosen real people as the originals of characters which have become famous.

Quite a number of characters in fiction have achieved sufficient fame to have statues erected to them.

In Munich, Bavaria, Little Red Riding Hood and her wolf are immortalized in stone. Spain has a monument to the memory of Don Quixote and in Paris there is a statue to D'Artagnan, one of the Three Musketeers.

Thousands annually admire a fine bronze statue to Mark Twain's boy immortal, Tom Sawyer and Huckleberry Finn. It stands on a national highway near the author's old home.

In the little village of Largo, Fife-shire, is a statue of Robinson Crusoe, bearded and clad in goatskins.—Pearson's Weekly.

English Salt

One million nine hundred and ten thousand tons of salt are made in England every year, and nearly all of it comes out of Cheshire and Worcestershire. Most of it is used in chemical factories, but a good deal as fertilizer. Three bushels per acre of salt increases the yield of wheat by four to twelve bushels per acre, and salt is an excellent fertilizer for plums, carnations, and celery. Some plants, however, do not like it. Among these are the apple tree, the cherry, and the vine. In dressing land with salt you can have too much of a good thing, for sixteen bushels per acre will destroy all plant life, including weeds. Salt is one of the most widely distributed of all minerals. It is even thrown out by Venus and other active volcanoes.—Tit-Bits Magazine.

Inconsistent Laws

In courts of law, an expert is defined as one whose knowledge is based on "experience and practice." Yet in a number of states today, says Harry Greenstein, New York city, in Collier's Weekly, a physician who has practiced only one year and who has never performed an operation is allowed to testify in cases of surgical malpractice and to criticize or commend the methods used by a defendant physician.

Once Richest Spot

Port Royal, the small town at the entrance to Kingston, Jamaica, harbor, was once a city of considerable size. It was the headquarters of the Buccaneers and at that time "the richest spot in the universe," as well as the wealthiest. It is now a military station with highly interesting historical associations. Nelson was in command there in 1772.

A Message to Daily Freeman Advertisers...

SOME of the most resultful advertising ever written has been produced on black coffee and lovely quiet—after office hours. Last night in a little Chicago suburb a copywriter couldn't sleep. Next month or the month after, you may see that writer's idea and the results will make you sleep peacefully.

The high-powered message that was set down to the tune of a ticking watch at midnight will be sent to the Daily Freeman in the Meyer Roth Advertising Service. Our alert advertising staff will shape it to your own particular needs.

As a Daily Freeman advertiser you share the exclusive use in Kingston of the sales-giving advertising produced by Meyer Roth. The striking illustrations, the appealing legends, the tested selling ideas and the resultful copy. But you share, too, the exclusive use of something money cannot buy. The SURPLUS creative power of advertising men and women who love the job enough to tackle it on their own time with a cup of black coffee for company.

The state health department in Alabama has launched a "register your baby" campaign in hopes of stimulating greater parental co-operation in gathering vital statistics.

Kissing Bandit Won Title With Offers—Not Kisses

St. Paul (AP)—Edna Murray, held on federal charges of complicity in the kidnapping of Edward G. Bremer, won her sobriquet of Kansas City's "kissing bandit" without giving her victims a single kiss.

Widow of "Diamond Joe" Sullivan, who was electrocuted in 1924 at Little Rock, Ark., for the murder of a prison guard, the blonde-haired Edna was accused of a hotel holdup and the robbery of a clergyman in Kansas City in 1925.

Offer Refused

She drove the motorcar in which the minister, the Rev. H. H. Southard, was kidnapped and robbed of his valuables and his shoes. When the holdup was over, Mrs. Murray offered to kiss the victim goodbye, but he declined. Identifying her later in the police "showup," he still declined.

Mrs. Murray was convicted of first degree robbery and sentenced to 25 years in the Missouri penitentiary, from which she escaped in 1931. Her recent arrest near Pittsburgh, Kan., when Jess Doyle, fugitive in the Bremer case, also was trapped, followed investigation of a shooting on a Kansas City street in which Vineta Stacey, Edna's sister, was held.

"All my life I've been a good girl," said Edna, following her most recent detention. "All my life I've been a victim of circumstances."

Loved Fugitive

She admitted, however, a love dating back some 14 years for Fordney Davis, another Bremer case fugitive, who escaped from a federal agent at

EDNA MURRAY

Yorkville, Ill., about the time Edna was apprehended in Kansas. Officers working on the case believed the gang of suspects broke up and scattered from Kansas City after Mrs. Stacey's arrest.

In recent years Mrs. Murray said she had lived in many parts of the country, keeping house for Davis, who worked at odd jobs and "made an honest living in gambling games."

EMACIATED LIVESTOCK QUILTS ST. PAUL TODAY

St. Paul, Feb. 28 (AP)—The emaciated cow, the starving horse and the thin pig that came to town and dined on the capitol lawn went home today, assured of a half million dollar feed bag in the offing.

Brought here from drought areas in western Minnesota where farmers are demanding immediate feed relief, the animals were staked almost under the law makers windows yesterday to impress on them the need for quick action on a \$500,000 appropriation.

While the creatures were being fed on the statehouse lawn both branches of the legislature passed the bill and sent it to Governor Floyd B. Olson for his approval today.

Satisfied that his living exhibits had produced the desired results, Arthur Spencer, farmer at Beardsley who brought the animals here, loaded them on a truck and started for home today.

The \$500,000 fund will be distributed for feed purposes through county boards under direct supervision of the state executive council.

Compensation "Racketeering" Albany, N. Y., Feb. 28 (AP)—An

investigation to sift charges of "racketeering" in the handling of compensation cases by physicians, and "lav, corrupt and inefficient" administration of the state insurance fund was considered today by the New York state legislature. Senator John J. McNaboe, New York Democrat, introduced a resolution yesterday calling for a probe of state and county medical societies and the insurance fund maintained by the state to insure employers against liability for injury to workmen. It followed charges made by Senator William T. Byrne, Albany Democrat, that "racketeer physicians" are handling compensation cases and that the state is unable to get at them through the law to revoke their licenses. Senator McNaboe's resolution proposes a committee of four senators and four assemblymen to probe the charges of corruption and inefficiency.

Card of Thanks.

FINANCIAL AND COMMERCIAL

By CLAUDE E. JAGGER

New York, Feb. 28 (AP).—Closing the doors on February today, financial markets prepared to confront the ideas of March with a fair amount of hopefulness and courage.

Stocks started the final session of the month with a brisk resumption of yesterday's forward movement, but the trading volume soon began to dwindle and extreme gains in most instances were later pared or cancelled.

Among shares up fractionally to around a point were U. S. Industrial Alcohol, American Commercial Alcohol, U. S. Smelting, Howe Sound, American Smelting, Santa Fe, N. Y. Central, American Telephone, Consolidated Gas, American Tobacco, "B", Liggett & Myers "B", American Crystal Sugar, South Porto Rico Sugar, American Can, Case, Glidden, Johns-Manville and General Electric. U. S. Steel and Bethlehem were a trifle easier, along with General Motors, Chrysler, du Pont and Canada Dry. General Electric, Sears Roebuck and Westinghouse were virtually unchanged.

Quotations given by Parker, McElroy & Co., members, N. Y. Stock Exchange, 120 Broadway, New York city; branch office, 222 Wall street.

Reconciliation Ahead

Berlin, Feb. 28 (AP).—Reichsbishop Mueller expressed the opinion today his conference with Reichsbishop Hitler would result in reconciliation of warring factions within the German Protestant church.

Walkout in Havana

Havana, Feb. 28 (AP).—Leaders of the anti-government school strike said they expected their movement would be reinforced today by a walkout of students in several government departments.

Economic Hardship Forcing Hitler Away From Anti-Semitism

By A. D. Stefford.

Associated Press Foreign Staff.
(Copyright, 1935, By Associated Press)
Berlin, Feb. 28.—Intense economic pressure, it became apparent today, has forced Reichsfuehrer Hitler to abandon for the present at least the public manifestations of his cherished anti-semitism policy.

This tendency was indicated definitely in the remarks of speakers at a meeting of political leaders and Nazi party members in which the Reich's economic problems were the subject of discussion.

While berating Jews as "vampires and exploiters," speakers concluded their addresses by saying:

"It may be asked of you why the administration undertakes nothing more against the Jews. It cannot for foreign political reasons, since further boycotts, foreign exchange difficulties and other troubles are thereby threatened."

"Therefore, you must go about and spread what you have been told here and act accordingly."

Behind this and similar developments was seen the strong influence of Dr. Hjalmar Schacht, minister of economics, who in fighting Germany's economic battle cannot risk further boycotts and loss in bills of exchange.

He is compelled to avoid these hazards to the Reich's economic stability even though it may involve scrapping the clause that in the early days of Hitler's appearance on the political scene was possibly more adherents to his program than any of the other 25 planks in the Nazi platform.

Dr. Schacht, who has emerged with increased prestige from several similar encounters over questions of policy in the last three months, has kept a Jew at the head of his foreign exchange department. He also has been quoted as saying he would stand by his other Jewish co-workers.

The minister of economics yesterday assured the president of the Berlin Merchants' Association that "nothing further will happen to any member of your organization." Many Jews are enrolled in the association.

Pants Factory Joins The Amalgamated

Negotiations between the Amalgamated Clothing Workers of America and the Burger Pants Factory, in the Bull Market building, have been completed to have the concern conduct all industrial relations through the union. The agreement was made yesterday and was the first of its kind to be recorded here.

Mr. Burger has agreed to unionize his shop completely. It was said by James Geary, president of the Amalgamated, who was recently elected to the important post. The Burger shop succeeds the Kingston pants factory, and at present employs 75. It is expected that eventually the payroll will increase to 200, men and women.

The negotiations to have the shop operate under union agreements were completed with Mr. Burger by Victor Lalli, business agent of the Amalgamated, who stated that the local manufacturer readily agreed to propositions of the union.

"We are glad to welcome the workers of the Burger firm into the Amalgamated," said President Geary of the local branch, "and glad to deal with the firm for the purpose of collective bargaining. Unusual progress has been made in unionizing the pants and pajama shops in the capital district since last spring. At present all factories in Troy and Albany are completely unionized. We are more than pleased with the way the workers in Kingston have signed up in the past few weeks. We look for 100 per cent unionization here within a short time. The Amalgamated represents more than 3,000 shirt workers in the capital district, including Troy, Albany and Kingston."

Fire Destroys Noted Catholic Church Today

New York, Feb. 28 (AP).—Fire destroyed the interior of St. Theresa's Roman Catholic Church, a landmark at 187th street and Broadway, early today. Only the walls were left.

The church, built nearly a century ago when the vicinity was a farming community, formerly was known as St. Elizabeth's.

The fire apparently started in the heating plant. A stiff wind off the Hudson river fanned the flames and icy weather harassed firemen.

The Rev. Gabriel Glaser braved the flames to save the blessed sacrament.

Wants to Reorganize
Chicago, Feb. 28 (AP).—The Chicago Great Western Railroad, operating 1,433 miles of track linking Chicago, Kansas City, Omaha and Minneapolis, filed a petition to reorganize today under section 77 of the amended bankruptcy act. The line's petition, filed in Federal Judge Charles E. Woodward's United States District Court here, declared that the road was unable to pay \$770,000 interest due March 1 on its four per cent first mortgage bonds.

Churches Injured
Athens, Feb. 28 (AP).—Earth tremors were reported today to have cracked the domes of Byzantine churches in two islands of the Cyclades group.

Parthian Dinner
The Gordis House in Portland, Me., will play the Cornhill House Co. tonight at 8 o'clock at the Cornhill House. All members are requested to be present.

In County Granges

Stone Ridge.

The next regular meeting of Stone Ridge Grange will be on Monday evening, March 4 at 8 o'clock.

A special attraction for the lecturer's program will be a travel talk on South America given by A. R. Hall-Davis of Accord. His subject will be "New Granada." This interesting speaker who is familiar with the large continent south of us, comes well recommended by many who have had the opportunity to hear him. The final score for the attendance contest between the "Dwarfs" and "Giants" will be recorded on Monday night. The losers will be hosts for the winning team on March 18. All "wide-awake" members should make an effort to be present.

Fairport Grange

Accord, Feb. 28.—Sister Gertrude Barnhart, chairman, and Sister Luelia Davis, vice chairman of the service and hospitality committee of Fairport Grange attended the annual luncheon and conference of the county service and hospitality committee held at the Roseadale Grange hall Wednesday, February 20.

Sister S. P. O'Connor, county chairman, has planned a very interesting and helpful program for the coming year.

MARKET FOR FRUITS AND VEGETABLES

New York, Feb. 28 (AP).—(State Dept. of Agriculture and Markets).—Quotations on the New York city downtown wholesale district up to 8 a. m.

Western New York yellow onions U. S. No. 1, in 50-pound sacks jobbed out at \$2.15-\$2.25.

New York upstate round white potatoes U. S. No. 1, in 100-pound sacks peddled out very slowly at 75-85 cents, while Long Island Green Mountain potatoes U. S. No. 1, in similar size packages realized \$1.10 for South Side consignments, and 85c-\$1 for North Side.

Bulk consignments of Danish type white cabbage sold on the basis of \$35-\$38 per ton, and red \$45-\$50.

Danish white cabbage in 50-pound sacks brought 90c-\$1 for the best, while fair quality red realized \$1.12-\$1.25.

Western New York topped washed carrots in 50-pound sacks peddled out at 60-65 cents.

The apple market continued very dull because of the light buying. Fresh receipts were relatively light but fair supplies were on hand from previous arrivals. Western New York Baldwin apples N. Y. U. S. grade No. 1, 2 1/2 inch realized \$1.75 per box or bushel basket, and 2 1/2 inch \$1.50. McIntosh No. 2 1/2 inch realized \$2.25-\$2.50, and Rhode Island Greening 2 1/2 inch sold from \$1.37 1/2-\$1.65.

White eggs: Resale of premium marks unquoted; reducing wages, but I have known higher wages usually to bring lower costs."

Dr. Day Recovering After Auto Mishap

Further information concerning the condition of Dr. Mary Gage-Day, prominent Kingston woman physician who was injured in an automobile accident on Sunday near Kissimmee, Fla., 125 miles from St. Petersburg where she is vacationing, revealed that she is recovering and doing as well as might be expected under the circumstances.

The information was received by Dr. Mark O'Meara from Harry Wright, nephew of Dr. Day with whom she is staying, and said that her condition was not as serious as was first supposed. It was at first believed that Dr. Day had suffered a broken jaw, broken leg and was suffering from shock. Later X-rays revealed that her jaw was lacerated but not broken. She is suffering from slight shock.

Dr. Day is being treated at the Kissimmee Hospital.

Mr. Wright, it was reported, was badly shaken up in the accident and his wife received a broken leg in the mishap.

Ford Predicts Wages Will Reach New High

New York, Feb. 28 (AP).—Henry Ford, in a letter to Matthew Woll, vice president of the American Federation of Labor, predicts wages will reach higher levels than ever before because of experience and far sighted industrial management.

Woll, in making public the letter, said it was written in response to one written by him saying many leading industrialists were starting a movement against high wages.

Ford wrote that he had "in no wise changed by mind" about the desirability of high wages, and said: "I believe that wages will continue to go higher not as a result of politics or from purely humanitarian motives, but as a result of the kind of management that will enable men to earn more. You understand, of course, that inexperienced or shortsighted management does not create the conditions under which men can earn more."

Walker Registers As An Alien In England

Walker Registers As An Alien In England

Dorking, Eng., Feb. 28 (AP).—Like thousands of other aliens in Great Britain, James Walker, former New York mayor, now possesses a certificate of registration and doesn't have to worry any more about his legal right to stay in this country.

He walked into a police station yesterday, plunked down a shilling for the little green booklet, and explained that he intends to stay in England through the summer.

The action was well timed as far as the home office is concerned, for it was pressed in two directions concerning Walker's status. A member of the opposition party raised the question in Parliament and, thanks to Walker, the home office now is enabled to reply without any fear of criticism.

Another shot fired at the home office over the Walker question was an editorial in the Star which, after citing the fact that a ban had been lifted on a Russian dancer, asked: "Can they (the home office) have been moved by the fact that former Mayor Walker of New York, some of whose countrymen would be glad to see him back there, can stay in this country and ignore the regulations about aliens at his own sweet will?"

Like passports, Walker's certificate contains his photograph, signature and particulars of his identification. It means that the former mayor takes on a lot of new responsibilities, for he must:

1. Notify the Dorking police before making a permanent change of address;
2. Within 48 hours after moving, report to the police of the new district;
3. Report any absences of more than three months from Dorking;
4. Report within seven days if

there is any change in personal particulars as given in the booklet.

5. Produce the booklet at any time for inspection by police or immigration officers.

Like all other aliens, Walker is liable to a fine of £100—£500—or six months in jail if he fails to comply with these regulations.

The police said Mrs. Walker did not need such a certificate because she was of British nationality, retained despite her marriage to an American.

No Art Sketches As Yet Submitted Here To Local Committee

Project of installing work of art in public buildings here approved in January. But Local Committee to Make Selection Has Nothing to Select From as Yet.

One of the work relief projects approved by the State TERA earlier in the year was that of having artists decorate public buildings with their pictures or art studies, and a meeting was held here at which time Mayor C. J. Heiseleman appointed Anton Otto Fischer, nationally known artist, as chairman, and Edward Cokendall and Judge G. B. D. Haebrouck as members of the local committee to select from the sketches and studies submitted what they considered the most appropriate.

Mr. Fischer when asked over the telephone today as to what progress the committee had made replied that as yet the committee had not been called to pass upon any sketches or studies, as none had been submitted. Twenty-four artists of Woodstock have been named as eligible to submit sketches and studies, and Carl Eric Linden, president of the Woodstock Artists' Association, is a member of the artists' committee who will pass upon the sketches and studies submitted and in turn will submit the ones selected for the approval of the local committee.

Among the public buildings that have been selected in Kingston are the city hall and the high school, and undoubtedly the local committee will use extreme care in selecting only work of a high artistic merit which will conform with the architectural standards of those buildings.

Local Death Record

The funeral of Mrs. Elizabeth Thompson, wife of the late Dr. Robert R. Thompson, will be held at the residence, 81 Green street, Friday at 11:30 a. m. Interment will be in Westlwyck cemetery.

Patrick Gallagher died on Thursday at his home in Arkville, N. Y. Besides his wife, Susie Gallagher, he is survived by one son, Frederick J. of Arkville, and one daughter, Y. Minnie DeGraff, of Albany, N. Y. Funeral arrangements will be announced at a later date.

New Paltz, Feb. 28.—The funeral of Alexander A. Poucher, 73, who died at Vassar Hospital on Monday, will be held from his late home in New Paltz Thursday afternoon at 1:30 o'clock. The Rev. Robert L. Maister, pastor of the Methodist Church, will officiate. Burial will be in the Upper Red Hook Cemetery. Mr. Poucher had been a resident of New Paltz for 27 years.

Benjamin L. Osterhoudt died at his home in Hurley this morning. The funeral will be held from the late home on Saturday afternoon at 2 o'clock. Burial will be in the Hurley Cemetery. He is survived by his wife, formerly Miss Emma E. Osterhoudt, one son, Raymond T. Osterhoudt of Newburgh, one daughter, Anna V. A. Bailey, wife of Horace W. Bailey, of Balston Spa, and two grandchildren. Mr. Osterhoudt was an elder of the Hurley Reformed Church for many years.

The funeral of Mrs. Joseph Rougier who died on Sunday last, was held from the parlors of James V. Halloran, 44 Broadway this morning at 7:45 and at St. Mary's Church where at 8 o'clock a Mass of requiem was offered for the repose of her soul by the Rev. Edmund T. Hart, of Saugerties. There were a number of floral tributes from a host of sorrowing relatives and friends. The Rev. Benjamin Roth accompanied the funeral to St. Mary's cemetery and pronounced the final absolution at the grave.

Magdalena Zimmer, widow of Louis Thomsen, died this morning at the home of her daughter, Mrs. Vincent A. Gorman, 184 Albany avenue. Mrs. Thomsen was born in Brooklyn on February 26, 1847, and was in her 85th year. She was the daughter of Henry and Margaret Danenhauer Zimmer and had been a resident of Kingston for the last 20 years. Besides her daughter, she is survived by five grandchildren, Vincent, Rosemary and Margaret Gorman of Kingston and Madeline and Joseph Thomsen of Brooklyn. The funeral will be held from the Gorman residence on Saturday morning at 9:15 and from St. Peter's Church at 10, where a requiem Mass will be offered for the repose of her soul. The body will be placed in the receiving vault in St. John's Cemetery in Brooklyn.

The funeral of Joseph DuBois, who died Monday, was held from the late home in Sawkill this morning at 9 o'clock and from St. Ann's Church at 9:30 o'clock, where a requiem Mass was offered for the repose of his soul by the Rev. Andrew J. Dooley. The funeral was largely attended with a profusion of flowers and Mass cards, attesting to the high esteem in which the deceased was held. On Wednesday evening a delegation from the Knights of Columbus, of which the deceased was a member, and the Holy Name Society of St. Ann's Church assembled at the home to recite the Rosary. The bearers were John J. McCaffrey, Charles Kelly, James Hulsar, Edward Stauble, John Swenson and James Johnson. Burial was in the family plot in St. Ann's cemetery where the Rev. Father Dooley pronounced the final absolution.

A Heart Attack
Goslar, Germany, Feb. 28 (AP).—August Wilhelm, son of the former German Kaiser, was put to bed in a hospital today after suffering a heart attack which physicians said was not serious.

Fire at Noble's.
A fire in the kitchen of Mrs. Elizabeth Noble, 77 Third avenue, this morning at 1:55 o'clock was extinguished by the fire department. Chemicals were used.

The funeral of Lemuel Winchell Atkins, son of the late Lemuel and Cornelia VanWegen Atkins, was held from his home in Kyserkie today at 2 p. m. The Rev. Clarence Howard officiated. Mr. Atkins was prominent in the ranks of the Republican party of Ulster county and his genial disposition made many friends for him. He was state inspector of cattle for a number of years and in this capacity he established a record of highest esteem in the county under his jurisdiction, and the State Department at Albany. He was a charter member and a president of the Farmers' Cooperative of Accord. His fraternal activities were with the K. of P. Lodge of Allgerville, the Jr. O. U. A. M. Lodge of Napanoch and Patroon Grange of Accord. Mr. Atkins was first married in 1903 to Miss Cora M. Eck, who died February 22, 1914. Two children of this marriage survive, Winchell at home, and Charlotte C. Atkins of Kingston. In 1921 he was married to Vera Lockwood, who survives him with four children, Helen, Dorothy, Rosanna and Lemuel, Jr., all at home; one brother, William F. Atkins, at High Falls, and five sisters, Mrs. F. W. Kristeller and Mrs. Edward H. Kappes of Brooklyn, Mrs. Charlotte A. Sahler and Mrs. Harry S. Taylor of Kingston, and Mrs. H. V. Story of Ulster Park, also survive.

The funeral of John J. Dolan, who died on Monday last, was held from the home of his sister, Mrs. P. J. Fogarty, 29 Abbey street, this morning at 9 o'clock thence to St. Mary's Church where at 9:30 a high Mass of requiem was offered for the repose of his soul by the Rev. James P. Moore. The children's choir augmented by the voice of Francis Fitzgerald sang the responses during the Mass. At the offertory Mr. Fitzgerald rendered "He Jem" and at the conclusion of the Mass "Ave Maria." There were a number of beautiful floral offerings from a host of sorrowing relatives and friends together with musical tributes in the form of Mass cards which were placed near the casket. The casket bearers were Stanley Dempsey, James Howard, John Cramer and Leo Smith. A very impressive service was the appropriate, Wednesday, evening, of the forty altar boys of St. Mary's Church, friends and associates of the young man, and a number of the young men of the church, who accompanied the casket to the grave. The Rev. Father Moore, their spiritual director, officiated at the graveside. The large funeral Mass this morning Marshall's entire school class attended in a body, with thirty of the altar boys singing with in the church, and John Fitzgerald, a nephew of deceased, acting as master of ceremonies. The large funeral Mass was accompanied to St. Mary's cemetery by the Rev. Benjamin Roth, who pronounced the final absolution at the grave as the body was laid to rest in the family plot.

Louis Marella Pays \$15 on Assault Charge

Glascio Youth Convicted in City Court of Striking Lillian Ferraro Sunday at Theatre—Said Girl Made "Pass With Purse."

Louis Marella, 21, of Glascio, was fined \$15 by Judge Bernard A. Culleton this morning in city court for third degree assault preferred against him by Lillian Ferraro.

Testifying against Marella, Miss Ferraro said he struck her on the face Sunday evening at the Orpheum Theatre. She placed him under arrest and turned him over to Patrolman James Welch, who was on post near the theatre.

The assault took place, the complainant said, while she was on her way out of the theatre. Marella struck her, according to her story, when she approached him to talk while he was with another girl.

Miss Ferraro had two witnesses, who corroborated her testimony.

Marella denied striking Miss Ferraro, and said he only tried to keep her away from striking him and his lady friend.

"She made a pass for me with her purse, and dared me to hit her so she could have something on me," he testified.

Marella had two witnesses, also, one of whom said the girl called the defendant an uncompromising name.

Other Cases
Joseph Mulligan of 22 Boulevard and Burton L. Haver of Main street were discharged when brought before the judge on violations of the parking ordinance.

Three strangers arrested for disorderly conduct—George Seymour, 57, and John Kirby, 49, of New York, and Fred Barrett, 40, of Marlborough were given 30 days suspended sentence and ordered out of town. They were taken into custody by Patrolman Harry Martin on Washington avenue at 8:30 this morning for panhandling.

The trio bothered merchants and others for food. At police headquarters they displayed enough grub to cover a table six feet long and three feet wide.

Frank Abramski of West Point arrested by Patrolman Clarence Brophy Tuesday night for refusing to pay for a meal at the King Crown Inn, Washington avenue, settled with the proprietor in the meantime and was discharged.

PATAUKUNK.
Pataukunk, Feb. 28.—A party of friends pleasantly surprised Mrs. "Pat" Van Vleet on Monday evening, the occasion being her birthday.

Pinochle was enjoyed throughout the evening. Refreshments were served late in the evening when Mrs. Van Vleet was the recipient of lovely gifts and a beautifully decorated birthday cake. Those present beside the guest of honor were Mr. and Mrs. Harry Smith, Mr. and Mrs. Fred Dressel, and son, Harold, Mr. and Mrs. Lester A. Wynkoop, Jr., Mr. and Mrs. Lester A. Wynkoop, Isaac Van Vleet and "Pat" Van Vleet.

Mr. and Mrs. Hazzie Quick and daughter, Olive, accompanied by Mr. and Mrs. Lawrence Terwilliger, were guests in the home of Mr. and Mrs. Samson Osterhoudt.

Mr. and Mrs. Lester A. Wynkoop were pleasantly entertained at the home of their uncle and aunt, Mr. and Mrs. Clifton Palen, of Kingston, on Saturday evening.

Miss Virginia Atkins and friend, Ramsford Pomeroy, were pleasant callers at the home of friends in this locality on Tuesday evening.

Mr. and Mrs. Vaughn Decker and son, Clifton, were pleasantly entertained at the home of Mr. and Mrs. Lester A. Wynkoop on Sunday last.

Friends regret to hear that Mrs. Joe Newman of Cherrytown is not in the best of health.

Mrs. Edna Lyons spent a very pleasant week-end at the home of Mr. and Mrs. Arthur Geary in Wawarsing. They made a business trip to Kingston on Saturday last.

Lester A. Wynkoop made a trip to Mountandale on Tuesday.

Mrs. Harold Keator spent one day last week with her mother, Mrs. Jewel Hornbeck.

HURLEY.
Hurley, Feb. 28.—The entertainment given in the lecture room of the church Tuesday evening was well attended. The Rev. and Mrs. C. C. Chilton, Mrs. Wessels Ten Eyck, Miss Nita Snyder, Roger Loughran and Frank Ten Eyck, under the direction of Mrs. Ada Hotelling, rendered a group of songs for the opening number, followed by pantomimes and a play entitled "They Criticized—and How," presented by Mrs. Charles Gustafson, Mrs. Isaac Roscoe, Mrs. Angus Roscoe and Mrs. Wessels Ten Eyck. Solos and duets were interspersed through the program. At the close refreshments were served, followed by dart baseball, ladies against the gentlemen. The ladies won by a score of 2 to 0.

The Ladies' Aid Sewing bee met Wednesday at the home of Mrs. M. T. E. DeWitt. A covered dish luncheon was served. Nineteen were present. The day was spent in rug making, sewing aprons and preparing blocks for a quilt. They will meet again next Wednesday with Mrs. DeWitt.

The Rev. C. C. Chilton called a meeting Monday of boys between the ages of 10 and 20 years and organized "The Hurley Rangers." They will hold their meetings every Friday afternoon.

On Thursday evening preparatory service will be held in the prayer chapel of the church.

On Sunday morning the sacrament of the Lord's Supper will be administered by the pastor, the Rev. C. C. Chilton.

Barbers to Meet.
There will be an important meeting of the barbers of the city this evening at 8:20 o'clock. The meeting will be held at their meeting place on Railroad avenue.

Liberal Educators Push Fight At Parley

Atlantic City, N. J., Feb. 28 (AP).—Liberal educators today carried their fight for freedom in the teaching of new social doctrine to the floor of the largest annual convention of public school leaders.

Drafted by a group admittedly in the minority, a resolution demanding academic freedom in the public school class room was brought before the 65th annual meeting of the 8,000 members of the National Education Association's Department of Superintendence.

Members of the group hurled a challenge to agencies campaigning against alleged "Red" propaganda in the schools.

The "social frontier" group from Teachers College, Columbia University, headed by Prof. George S. Counts, Prof. Jesse H. Newlon and Charles A. Beard, awaited word from Washington of a proposed official investigation of its charges that efforts were being made to "utilize school text books to propagandize for war."

A resolution containing the liberal group's charges was adopted at an informal meeting which, although not connected with the convention, attracted 600 educators. It attacked in particular the "anti-red campaign" newspapers of William Randolph Hearst.

Holstein Club Show At New Paltz Hall

The final rehearsal for the benefit show and dance being staged by the Ulster county Kappa Zeta and Holstein Clubs Friday night took place on Wednesday. The event, known as "Rude Rural Rarities" will be staged for the third time at the New Paltz High School Auditorium and will start at 8:15. Paul Zucca and his orchestra will play for both the show and the dancing which follows.

The audience will be taken for a cruise aboard the "Good Ship Lolly Pop" of which Millard Davis of Kerhonkson is captain. After the opening selection by the orchestra and the response by Captain Davis, "The Night Watch," a snappy dance and song number by Anna Thorpe, Ruby Thorpe, Mildred Thorpe and Gertrude Shiller, will take place. The second number is a duet by Mrs. Harold DuBois and Miss Marion DuBois, accompanied by Daniel Bittner. The third is a sketch, "Aunt Betsy and the Oil Skit," Aunt Betsy's part is taken by Frances Roosa and Mr. Camp, the salesman, will be Fred DuBois, Jr.

The fourth number will be a group of selections by the "Blue Ridge Rangers," well-known radio hill-billy orchestra of Kingston. A deep sea fishing skit composed of Fred Dressel, as the fisherman; F. Wendell Knapp, the sailor; W. J. Clark, the passenger, and Louis Gippert, the chef; will be the fifth act. This will be followed by a group of dance numbers including "Our Own Jean Harlow," by Charlotte Zalfert; "Modernistic Toe" by Marion Britt, and "The Continental" by Frieda Kaplowitz.

The seventh number will be a novelty selection by the orchestra followed by the feature of the evening. This will be the "Drying Swan Ballet," created and trained by Carl Peters of Highland. According to advance reports this will be worth the price of admission all by itself.

The ninth number will be another group of selections by the "Blue Ridge Rangers," followed by Fred Van Deusen and his unimitable magic. Ruth Britt will do the "Buck and Wing," a pretty solo number and Spaulding and Murphy, well known acrobatic team, will put on the number previous to the grand finale and the dancing which follows.

Gold Half Dollars Once Considered Legal Tender
For several years gold half-dollars and quarter dollars were issued. The half dollar of the first issue was round, the obverse showing a head of Liberty surrounded by a circle of thirteen stars, and the reverse showing the date "1852" within a wreath of laurel and the legend, "Half Dol. California Gold." Some had on the reverse the date and the legend, "California Gold Half D." Later issues, says the Cleveland Plain Dealer, showed various numbers of stars as well as change in design, some portraying an Indian head instead of Liberty and octagonal in shape.

These half and quarter dollars were issued by private companies or individuals connected with the gold mining interests, and in nearly every case reached the standard of value, weight and fineness claimed for them. While not considered legal coinage or legal tender, they were accepted at a time when there was a pressing need for money with which to transact the business of the country.

Some pieces resembling the gold half dollars were also issued during this period. They were made of composition metal, gold plated, and, of course, are not worth anything.

New Deal Arrays Legal Talent To Avoid Death

Washington, Feb. 28 (AP).—The New Deal marshalled its legal forces today to ward off a blow which—if it should gain the added strength of Supreme Court approval—would topple much of NRA's vast structure into the dust.

The blow was an opinion, enunciated by Federal Judge John P. Nields of Delaware yesterday, that the constitution did not confer upon congress the power to regulate manufacture.

It was reinforced by the ruling of Federal Judge Charles I. Dawson at Louisville, Ky., who declared that coal mining is an intra-state business; that intra-state business is beyond the regulatory power of congress; and that therefore the national industrial recovery act as applied to coal is unconstitutional.

Much of the New Deal is based on the idea that if a business affects commerce between the states, congress can regulate it. But that view met an obstacle in Judge Nields' flat statement that manufacture is not subject to such regulation.

In the course of an opinion in which he held Section 7-A of NRA unconstitutional as applied to the Weirton Steel Company, he said Supreme Court rulings demonstrated that "the constitution did not give to congress the power to regulate manufacture."

To regard Weirton's manufacturing operation as instruments for the interstate movement of goods, he said, would put practically all American manufacturing under the control of the federal government, a result which "has received the unqualified condemnation of the Supreme Court."

The government plans an immediate appeal from Judge Dawson's decision. It did not announce its plans on Judge Nields' ruling but Black-Judge Smith, counsel for the recovery administration, left no doubt in his "servers' minds that it would combat the idea expressed by the Delaware judge.

Legionnaires Trim Bisons, 41-22, League Playoff Sunday at Buffalo; Clermonts Tame The Lions, 26-25

The Kingston Legionnaires evened accounts with the Buffalo Bisons last night at the Municipal Auditorium by trouncing the boys from the west. Running up a commanding lead of 15-9 at the end of the second period, the local basketballers found the loop for 26 markers in the final frame and smothered their worthy opponents to the tune of 41-22. Frank Shimek led the attack with seven fields and a foul. Husta followed with three and three. The conclusive victory puts the two quintets in a tie for the lead in the playoffs for the state title. The deciding game will be played at Buffalo Sunday night.

At the opening of the battle last night the local lineup was changed somewhat. Flip Koehler was unable to play due to an infected arm. Husta and Kurtyka started at the forward positions with Lennon at center, while Shimek and Hamilton took the back court. When substitutions were made, Husta went back to guard and Hamilton to center. Lennon and Cullum took the forward posts.

Kingston Scores First. Soon after the opening bell, the Legionnaires scored when Husta dropped in a foul, and quickly followed it with a field shot. Hirsch started the count for the visitors with a long field toss. Several fouls were committed by the Bisons and the locals made them good. Buffalo accounted for another foul and field, and when the whistle blew the count stood at 8-5 in favor of the Legionnaires.

The locals garnered seven points in the second period to the Bisons' four and led by 15-9 at the start of the final third. At this point the winners started to click with hardly a miss. Shots rang true from all corners of the court. Shimek, Husta and Kurtyka were the big guns and 26 points were the result of the team's concentrated efforts. The visitors were held to four fields and four fouls.

Clermonts Win Prelim. The main game was the most important from a standpoint of basketball, but for sheer entertainment the preliminary tilt overshadowed the main event. The Fuller Clermonts tangled with the Columbia Rose Bowl Lions and eked out a win by one point as the final bell rang. The Columbia football stars were brought here by Samany and "Obby" Maroon and came up to play just for the fun of it. And may it be stated here that they had lots of fun, and so did the crowd. The fans were in "hysterics" from beginning to end, but were convinced that the university boys could handle a basketball at that.

The opening of the battle and throughout the game the Lions roar was loud and lusty. They charged madly up and down the floor, leaving the ball from all angles. Some of the shots dropped in the loop at which time there would be much hand shaking and back slapping, but then again, some of the tosses would err a bit, finding the lofty rafters or missing the back board altogether, and landing in the bleachers. Time outs were frequent and substitutions were many, in fact about three per minute. Huddies were held and plans of attack mapped out on the floor, but for all of their antics the grid stars from Columbia flashed some classy floor work at times and were leading up to the last few minutes of play. With five minutes to go the Clermonts staged a rally and speedily closed the gap. The crowd was in an uproar, yelling words of advice. Lion "regulars" were rushed into the fray but alas, their roars were squelched to whimpers as a Clermont star made a toss for the basket. The ball was in mid air as the bell rang, but it was "in" from the moment it left his hands, and the final count stood at 26-25.

"Stu" Parks Wins All-Around Trophy

Stuart Parks, one of Kingston High School's star athletes of several years back, now attending Springfield College, is making sports history for the Massachusetts institution.

"Stu," as the young Kingston High graduate of 1931 was known to followers of football, basketball and track here, has been awarded the Reginald G. Sykes trophy as the outstanding athlete in the fourth annual University Club games. Announcement of the honor bestowed upon the brilliant sprinter and jumper was made in the Boston Herald on Monday, February 18.

Parks, states the Herald, was the unanimous selection because of his all-around performance in winning the broad jump, placing second in the dash, tying for second in the high jump and running a great leg on the one-mile relay team.

The report of his triumph stated further: "There is no doubt that Parks deserved the honor. His winning leap in the broad jump established a new record for the event. He was beaten only by that brilliant sprinter, Dick King of Amherst. In the dash and his fast quarter mile in relay carried the Springfield colors from third to first position, a place, however, which his teammates could not hold."

Rangers and Bruins Tied For First.

New York, Feb. 28 (AP)—The three playoff berths in the National Hockey League's American Division apparently will go to the New York Rangers, Boston Bruins and Chicago Blackhawks, but their finishing order remains a puzzle.

The Rangers and Bruins are tied for first place today. Chicago trails by a single point. Detroit, trailing Chicago by 13 points, can be reckoned definitely out of the running.

Rangers and Hawks will see action tonight, the bluishirts remaining at home in New York to meet the Montreal Maroons while Chicago engages the Red Wings at Detroit.

To all intents and purposes, the race in the international section appears as good as over with Toronto, Montreal Maroons and the Canadians seemingly certain of finishing in that order.

Three Tied in 18.2 Tournery.

Chicago, Feb. 28 (AP)—The Big Three, Percy Collins of Chicago, Edgar T. Appleby of New York, and Edmund Soussa of Egypt, were still running head and head today as the national amateur 18.2 balking billiards tournament went into the third day of play.

All won their second straight victories yesterday. Collins, the defending champion, trounced Ray Fessenden of Madison, Wis., 300 to 158 in 26 innings in the night match, and Appleby turned in a new high mark for the tournament, an 87, in smothering Seymour Kling of New York, 300 to 125 in 25 innings.

Soussa, making his first bid for a championship, easily defeated Tom Morgan of Kansas City, 300 to 100, in 25 innings.

McKechnie In A Dilemma, "Plenty Of Room For Ruth All Right, But Where?"

By EDWARD J. NEIL

(Associated Press Sports Writer)

St. Petersburg, Fla., Feb. 28 (AP)—

There's one major problem concerning Babe Ruth that worries Bill McKechnie, manager of the Braves, mightily, now that he finally acquired the greatest slugger in all baseball history. What position will

It's an open secret in baseball that Ruth, who started as a left hand pitcher, developed into a great defensive outfielder as well as a pulverizing clouter, always has had a deep longing to play first base.

But for the fact that the Yankees boast one of the greatest of all first basemen in Lou Gehrig, the iron Man, the Babe might have wound up his playing days in New York nursing his failing legs at the first corner.

"We'll talk it over when he gets here," Bill says with wrinkles around his eyes. "And if he wants to play first, we'll certainly try it out. But what will I do with Baxter Jordan, one of the best hitters on the club, a fine first baseman who improved at least 25 per cent last season? He's too good to leave on the bench."

And if the Babe wants to play right field, what about the physical features of the National League fields the Bam is invading after 20 years of the opposition circuit? In construction things are entirely different.

"The Babe can't play the sun field," McKechnie worries some more. "But he's used to right field. Right field is the sun field in only a couple of American League parks. But it's the sun field in Boston, Brooklyn, Cincinnati, St. Louis, Chicago and Philadelphia, six of the

eight clubs. The Babe will find the conditions he's used to, no sun in right field, only in the Polo Grounds in New York and Pittsburgh.

"To make matters worse, some of these parks are constructed so that the sun field changes as the season gets older. In most of them it switches to center field, and even into left late in the season."

Teaching the old man new tricks should be simple compared to deciding what man Ruth will replace in the Braves outfield.

Wally Berger, a star in his own right, heavy hitter and fine defensive player, is a fixture in center. Hal Lee, getting better each year, has had left field all to himself. And Randy Moore, who has been playing right field, is one of the most valuable players on a club that is not overburdened with reserves.

"Plenty of room for Ruth all right," says Bill, "but where?"

1935 Davis Cup Tennis Squad Is Shaping Up

New York, Feb. 28 (AP)—The nucleus of America's 1935 Davis cup team already has been formed with Wilmer Allison, Sidney B. Wood, Jr., and John Van Ryn holding invitations to be members of this country's squad for the international tennis competition.

Supplementing this trio are three youngsters, Donald Budge, Gene Mako and Frankie Parker, who have been placed under the fatherly eye of the United States Lawn Tennis Association.

It is probable the six players will be banded together for America's first match against China's cup seekers. All of them may be sent to England for European zone play.

Wood's selection carries with it a singles assignment. Allison, who heads the first ten, may be used either for singles or as a doubles partner of Van Ryn.

Just what the U. S. L. T. A. plans to do with the youngsters, assuming they are sent abroad, is not known. Budge and Mako may be used for doubles duty in which event Allison would play singles.

The purpose of including Parker would be to afford him international singles experience. Budge and Mako are the third ranking doubles pair in the country and are highly regarded by the tennis fathers because of their double-barreled triumph over, first, Fred Perry and Frank Wilde, and then Allison and Van Ryn on the final day of the Pacific southwest championship last fall.

8:30 p. m., the Comforter girls will play against the Hercules team. Friends of the girls may view the games upon payment of a nominal admission fee.

Ulster Youth Council Will Meet March 16

Saturday, March 16, has been set aside by the Ulster County Youth Council for its second quarterly assembly which will be held at the Y. M. C. A. in this city, with delegates attending from various churches in Ulster county. Miss Laura Jee, of Vassar College, representing the students of China, will be present and bring a most interesting message. Assisting her will be several other students representing various countries of Europe and Asia.

A tentative program announced by Roger Mable, president of the council, is to start at 9 a. m. with registration and leaders' resource men and youth chairman meeting. Following this will be a general assembly at which an orientation program is to be given, and various business matters discussed. Committee reports will be given, and officers for next year nominated. Forum groups under competent leaders will be held during the day. The Assembly will close in the evening with a fellowship banquet at which reports of the findings of the forum groups will be given, newly elected officers installed, an inspirational address, and a program of entertainment.

The committee in charge of the assembly on March 16 is headed by George Finger of Saugerties and consists of the following: Miss Helen Bates, Hurley; George E. Lowe, Jr., Kingston; Miss Ruth Houtling, Bloomington; and Bertram Kolis, Kingston. Advising the committee are the Rev. Philip Goertz, Port Jervis; the Rev. Harvey L. Todd of Woodstock, and the Rev. J. C. Eason of Saugerties.

The nominating committee consists of the following: Henry S. Van Der Zee, Kingston; Miss Jeanne Gifford, Saugerties; John A. Martin, Kimbol Pirie, and Miss Marion Coultan, Kingston; and the Rev. J. T. Legg of Port Jervis. A third committee which is arranging for Ulster county's observance of Easter is headed by Miss Frances Longendyke, Kingston, Kenneth Randegger, Bloomington, William Clark, Port Jervis, and has the Rev. John Neander, Saugerties, advising.

The Assembly is open to all Youth Council members. Those who expect to attend should apply for membership upon the council immediately in order that membership cards may be issued to them before March 16. Miss Marion Coultan, 101 Roosevelt avenue, is the secretary of the council, and applications for membership may be filed with her.

Women Reported Safe

Sian, Shensi, China, Feb. 25 (AP)—Miss R. V. Thompson of Nevada, Ia., and Miss Alma R. Artibey of Chicago, missionaries missing since February 18, were reliably reported today to be safe and expected momentarily at the Fenslang Mission.

Archeologists say the dog was the only domestic animal of the early Indian tribes in the lower Mississippi valley.

Coal Is the Remnant of Prehistoric Plant Life

Coal is what is left of prehistoric plant life that has been subjected to subterranean temperatures and pressures for millions of years, notes a writer in the Chicago Tribune. The geologists know this because there are scattered throughout coal the fossilized forms of leaves, ferns, and even tree trunks, to say nothing of assorted vermin of that far-off day. Furthermore, coal in all stages of evolution has been found. There is peat, which is nothing more than a brown, spongy, water-soaked mass of decayed vegetation. There is lignite, or brown coal, which is so soft that it can readily be crumbled by the fingers. There is bituminous or soft coal, which is black in color but still fairly easy to powder. And, as a last stage, there is anthracite, which is a hard, flinty material the composition of which is almost pure carbon. These changes are undergone by wood in its evolution into anthracite. Coal steadily loses oxygen and hydrogen. This means that water, carbon dioxide, and probably some hydrogen-rich natural gas have been steadily baked and squeezed out of the coal, until its composition approaches that of pure carbon.

Color-Blindness Affects People in Various Ways

People who are color-blind were not very pleased when colored traffic signals were introduced and since beacons have been in general use their troubles have increased.

Inability to distinguish between colors is more common than most of us suppose. More men than women are victims of it.

There are people who are color-blind in only one eye. For instance, while their left eye may see red as red, their right sees it as black.

The story is told of a famous Quaker chemist who was color-blind and had only three normal color sensations.

A pink flower looked blue to him and when he cut his chin one day he saw green blood flowing from the wound.

Instances of colored vision are not uncommon. Some people always see as though they were looking through green or red glass.—Pearson's Weekly.

Heat Lizards

The idea regarding heat lizards, which are seen living in ovens and running around inside the oven when the oven door is open, is a myth which is due to a misunderstanding regarding the nature and habits of the salamander, plus an optical illusion. The salamander was formerly supposed to be impervious to fire and actually live in ovens. This idea was undoubtedly caused by the fact that these amphibians occasionally crawl into houses in the winter time in search of warmth and seek refuge in hearths. The misconception was no doubt further heightened by the brilliant orange or scarlet color of some species. As a matter of fact, neither the salamander nor any other animal is impervious to fire, and the so-called heat lizards are entirely an optical illusion.—Washington Star.

Porcelain Tower of Nanking

The Porcelain Tower of Nanking was designed by the Emperor Xung-lo (1403-28) on a previously sacred site to commemorate the virtues of his mother. It was begun in 1413 and destroyed during the Taiping rebellion. The tower was octagonal in shape, about 200 feet high, its outer walls cased with the finest white porcelain bricks. Each of the nine stories in which the building was divided was marked by overhanging eaves of green glazed tiles.

Gypsum

Gypsum, a white, rocklike mineral, on heating gives plaster of paris, which is easily converted back into gypsum by the addition of water. This process makes possible the manufacture of relatively thin sheets of gypsum of any size, which, because of their lightness and insulating properties, are quite useful for wallboards and roofing. Mixed with suitable binding materials, gypsum is a competitor of concrete for certain kinds of flooring.

A General Ship

A general ship is one which has been advertised by the owners to take goods from a particular port at a particular time, and which is not under any special contract to particular merchants. If the owners of a general ship have advertised her as bound for a particular port, they must give notice to every person who may ship goods on board, of any alteration in her destination, and they will be liable for the consequences of neglecting to do so.

Circular Rainbows

Rainbows appear as complete circles only to observers at a considerable elevation above the earth, from the top of a mountain or from an airplane or balloon, and most usually when the sun is near the horizon. A circular rainbow produced by mist or spray may be seen by an observer at ordinary elevation. Darwin describing in his "Voyage of the Beagle" such a spray rainbow seen during a storm off the coast of Chile.

FRENCH ROADS SEEK SPEED; USE DIESELS

Oil-Electric Power Is Proven Better Than Steam.

Paris.—After a year's experimentation with a locomotive operated by a Diesel engine driving an electric generator, the Paris-Lyon-Mediterranean railroad, which operates trains over the longest runs in France, has decided to replace steam locomotives by Diesel-electric units on its principal lines instead of continuing the more expensive project of electrifying the system.

Chief advantage of the new engine is that it can carry fuel for the entire Paris-Marseilles haul, which will make nine-hour service feasible between the capital and France's chief Mediterranean port.

Although the crack Cote d'Azur express, an extra-fast train carrying nothing but pullmans, makes it in nine hours and a quarter, ordinary express takes about thirteen hours and a half, and rapids something like eleven hours. With the new locomotive, the connection between Paris and Nice would be made readily in ten hours.

The steam locomotives now in service can only carry fuel for about two hours, so that there have to be five stops to change locomotives on the Paris-Marseilles service as it is now organized.

The Diesel-electric locomotive as developed by the P. L. M. is 50 feet long, weighs 100 tons, and can pull a useful load of 85 tons at a speed of more than 70 miles an hour.

Engineers are now working on a more powerful model which will be used to effect the Paris-Nice ten-hour trip. It will pull a tender containing fuel, a baggage car, and three pullman-type coaches, all streamlined according to the most modern principles.

The P. L. M. is interested in the new type of trains for another reason—it operates lines also in north Africa where water is scarce. The company proposes, therefore, to put the new units into general service on its Algerian lines, where the original locomotive which has been used for tests is already in regular service.

Turks Picking Surnames Must Shun Duplications

Ankara.—The Turks have now received from the national assembly the regulations which are to govern their choice of surnames.

To prevent unnecessary duplications in surnames, it has been ruled that no two families within a registry district may adopt the same name.

Another restriction is that no one may henceforth adopt names ending in "is" or "ian," which are the terminations usually indicating Greek or Armenian families. This will mean that Greek and Armenian families in Turkey will be assimilated more easily in the population.

It has been ruled, too, that the surname Ataturk, "father of the Turks," which has been conferred by the nation on the Ghazi, shall not be adopted by anyone. It is to be sacrosanct, and even names resembling it are to be avoided.

The first comer to a registry office with a proposed surname has the right to it. A later comer may not buy it from him. If a later comer proposes the same name it shall receive a suffix meaning "little" or "big" or some other distinctive addition.

Federal Project Builds Cheap Homes for Workers

Washington.—Homes for the low-income workers who can afford to pay an average of \$12.65 a month are being erected in 23 localities.

Construction, the PWA's substance homestead division said, has been started on 1,100 low-cost homes, each with from one to thirty acres of land in thirty states.

The projects are financed from a \$25,000,000 allotment, of which \$5,000,000 has been spent in the purchase of sites and the starting of building.

The homes, including land and construction costs, cost between \$2,000 and \$4,000. The buyer has 30 years in which to pay at 3 per cent interest. The average cost to the buyer is \$12.65 per month. This includes the interest. No down payment is required.

Two Eclipses This Year

Delaware, Ohio.—Two eclipses—one of the sun and the other of the moon—will be visible to the greater part of the United States in 1935, figures given out by Dr. N. T. Bohrenkner, head of Ohio Wesleyan University's Perkins observatory show.

Advocates Hobbies

Raleigh, N. C.—The happiest people in the world are those with hobbies. Dr. Ed Heerpath, of the University of North Carolina insists.

Infant Swallows

Strychnine: Lives
Sydney, N. S. W.—The thirteen-month-old daughter of Mr. and Mrs. Morgan Ross swallowed 32 tablets containing strychnine—and survived. She got them from a cabinet where they had been placed after being prescribed for a member of the household. The normal dose was one tablet every eight hours. The baby was rushed to hospital, and a stomach pump used. Doctors thought she could not live, but she did.

No Hurry.

Pittsburgh.—Right now about all the traffic cops downtown can give the errand motorist is a bawling out. The department has run out of traffic tags and while 100,000 have been ordered the printer hasn't finished the job yet.

Reasonable Request.

Houston, Tex.—Fifty students of the Sidney Lanier Junior High School appeared before the city council to petition a change of name

for the street on which their school is located.

"And what is the name," asked the mayor of Betty Trickett, 12, spokesman for the students. "Woodhead," Betty replied. The council promised to consider the request.

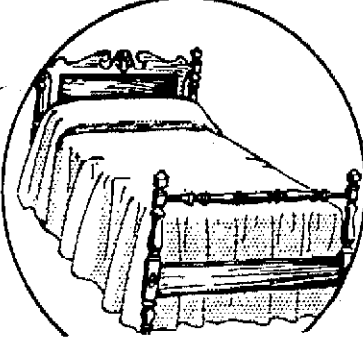

It Pays to Advertise.

Philadelphia.—William Hudson, barber show owner, has turned to publicity in the hope of averting further robberies and beatings. A sign in his window reads: "This store was held up. I was beat up. We never keep more than \$10 in the place any longer than it takes to get it to a bank. 'I no longer wear diamonds. Don't waste your time here.'"

Why Professor?

Urbana, Ill.—Prof. H. G. Paul of the department of English, University of Illinois, who was scheduled to speak to members of the Exchange Club on "Mark Twain and his Writings," in commemoration of the 100th anniversary of the writer's birth, took out his notes and discovered they were about Abraham Lincoln. He delivered a splendid talk on Lincoln.
